

Revival Of Korean Peace Talks Near

By RUSSELL BRINES

WASHINGTON (AP)—The United Nations Command was reported about ready today to accept the Communists' suggestion for resumption of the Korean truce talks which have been bogged down since last October.

No final decisions on details have been made, informed officials said, but the U. N. probably will be prepared to accept the Red proposal that war prisoners who refuse to go home be placed under control of neutral nations.

Divided Country Opposed

Switzerland reportedly may be the U. N. choice of a truly neutral nation which would be satisfactory to the Allies. The U. S. it was said, will advocate selection of Switzerland. There was no indication whether she would be acceptable to the Communists.

Instructions on these points to Gen. Mark Clark, the U. N. commander in the Far East, have not yet been confirmed, responsible sources said last night.

Rep. Short (R-Mo.), meanwhile, said the U. S. should refuse to undertake any peace negotiations that would leave Korea divided. A peace conference would follow agreement on a cease-fire.

"There can be no permanent

peace or stability in the Far East or in the world with a divided Korea," said Short, chairman of the House Armed Services Committee.

Solution Uncertain

"After all of the cost in tremendous battle casualties and billions of dollars for the Korean war, we can be content with nothing short of complete victory."

The Chinese and North Korean Communists have insisted that agreement on exchange of sick and wounded prisoners should be followed by resumption of full truce talks.

The Reds have offered to waive their previous insistence on forcible repatriation of prisoners by agreeing to have them sent to a neutral country.

There was considerable uncertainty in official quarters here as to whether it would be possible to negotiate a final, successful solution of the prisoner problem.

But the U. N. was said to be about ready to resume talks which should bring a clarification of the Red intentions. One possible stumbling block, officials say, is that the Communist compromise offer may be only a screen for some indirect method of forcing reluctant prisoners to return home.

Senate Favors Old Michigan Prison System

LANSING (AP)—The Senate appeared today to be ready to return to the so-called 1937 "model" state corrections commission plan for operating Michigan prison system.

The commission plan was abolished by former Gov. Kim Sigler and since then the prison and parole system has been directed by a single commissioner, currently Earnest C. Brooks, a Democrat.

Trained Penologist

At the same time, the chamber moved up for a final vote a once-buried bill to eliminate two standards of good time allowances in state prisons. This time the bill was fixed so that the State Parole Board will screen some 600 convicts eligible for release by the elimination of a "low rate" good time standard for men who have served three or more sentences.

The corrections commission bill swam through debate with scarcely a murmur, contrasting with previous years when it was quickly shelved.

The bill would create a six-member bipartisan commission named by the governor with Senate confirmation. The governor would also pick a trained penologist for corrections director from names submitted by the commission.

It would enlarge the State Parole Board to five, civil service employees responsible directly to the commission.

Fishing License Attacked

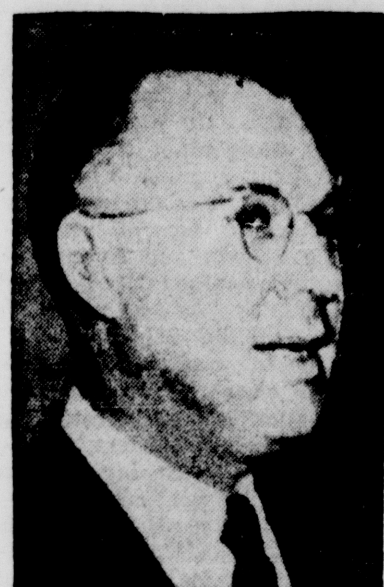

On today's house calendar for final action is a bill to require licenses for fishing in the Great Lakes. The bill was bitterly assailed, but a move to send it back to committee was overturned 14-50.

A bill which would have drastically restricted newspaper, billboard and other advertising by morticians was hastily killed by the sponsor.

A measure permitting the state superintendent of public instruction to remove school board members after they had been found guilty of wrongdoing by an attorney general's investigation was defeated 37-39.

The Senate waded through piles of bills until 10:30 p. m. last night, preparing more than a score for votes Thursday or Friday.

Ferry Service At Straits Tied Up In Crew Dispute

WORKS FOR BROTHER—President Eisenhower is sending his brother, Milton, head of Pennsylvania State College, on a detailed inspection tour of Latin America. Dr. Eisenhower will report on social and economic conditions south of the border.

Payroll Tax Proposal Given Rough Handling In House At Lansing

LANSING (AP)—A proposed \$40,000,000 annual transfusion for the anemic state general fund by levying a state payroll tax was due for rough handling as it reached the House floor for a final vote today.

Rep. Harry J. Phillips (R-Port Huron), majority floor leader, made no bones about his plans to do everything he can to defeat the bill, even though it is the brain-child of speaker Wade Van Valkenburg (R-Kalamazoo).

The battle may split the Republican house leadership wide open. The Democrats, unanimously opposed to the bill, have lined up arguments and speeches but they plan to let the Republicans do the fighting.

The measure, drafted to levy five mills on most payrolls and to forbid deducting the tax from paychecks, was advanced for a vote in deceptive quiet.

Van Valkenburg, descending from the rostrum for the first time since he took office last January, successfully sponsored amendments which would make

the tax apply to all payrolls on which Federal social security taxes are paid, permit quarterly or monthly payments and include enforcement provisions which are standard in all other state tax laws.

Senators attending a taxation committee hearing in their chamber, appeared impressed by criticism of the payroll tax voiced by E. C. McCobb, Grand Rapids tax attorney.

McCobb told the committee he did not endorse the Cloon business earnings tax but that "it has it all over the payroll tax bill."

UNION BOSS INDICTED—Joseph P. "King Joe" Ryan, lifetime president of the AFL International Longshoremen's Association, was arrested in New York on a 30 count indictment charging him with grand larceny of \$11,390 in union funds. (NEA Telephoto)

Traffic Stranded In St. Ignace And Mackinaw City

ST. IGNACE (AP)—The five miles of water separating Michigan's Upper and Lower Peninsulas were like an ocean today with the state's ferry service across the Straits of Mackinac at a standstill.

The ferry Munising, unable to muster a required second crew, tied up at the dock here shortly before midnight. The Petoskey, only other ferry operating under the ferry system's "winter schedule," had tied up Monday for the same reason.

Seamen Walk Out

Both actions stemmed from seamen's demands for additional pay for working additional shifts required under Coast Guard regulations.

More than 100 motorists were stranded at St. Ignace, the Upper Peninsula terminal, and across the Straits at Mackinac City. They were forced to spend the night at one city or the other after it became apparent no boats would be running.

The peculiar situation results from demands for extra pay for crews complying with the Coast Guard regulation that necessitates ferry crew members staying aboard for 16 hours a day, working the second eight only in emergency cases.

True Period Proposed
Members of the Petoskey's crew promptly left the ship. Under marine regulations they were automatically fired.

But state officials, meeting with the seamen's representatives, here yesterday, said the discharges would be overlooked if they would resume work under normal conditions for a three-week "true" period. During this time efforts would be made to work out the problem.

Disabled Chinese War Prisoners Balk On US Landing Ship

By GEORGE SWEERS

PUSAN, Korea (AP)—About 750 disabled Chinese Communist prisoners today staged a 2½-hour strike aboard a U. S. landing ship which brought them here on the first leg of a journey to Panmunjom for repatriation home.

A reliable source said North Korean prisoners on Kojima Island also have balked. No figures were mentioned, but two more landing ships carrying North Korean disabled prisoners from Kojima were due here this afternoon.

The Chinese filed slowly off the LST which brought them from Cheju Island only after American guards carrying bayoneted rifles and wearing gas masks boarded the ship.

The sitdown strike apparently was an attempt to embarrass the

Allies rather than to avoid being repatriated. All the Chinese previously had said they wanted to go home.

"They were the usual nuisance demands to harass us," said a U. S. officer.

Red truck convoys finally were spotted by Allied planes which will fly guard to shield them from any possible mistake bombing.

The Reds said there were 68 trucks in the three convoys.

They all are aimed toward Kaesong, where the 600 Allied troops will be held until released in groups at Panmunjom, six miles away.

A bill which would have drastically restricted newspaper, billboard and other advertising by morticians was hastily killed by the sponsor.

A measure permitting the state superintendent of public instruction to remove school board members after they had been found guilty of wrongdoing by an attorney general's investigation was defeated 37-39.

The Senate waded through piles of bills until 10:30 p. m. last night, preparing more than a score for votes Thursday or Friday.

War Films Get Spurt In Japan

TOKYO (AP)—Japan's movie makers are breaking out with a rash of new films about World War III and its heroes—Japanese version.

One Japanese movie company is working overtime on the "Life of Tomoyuki Yamashita," the general who conquered Malaya in the early stages of the Pacific war. After the war he was convicted as a war criminal and executed in the Philippines.

Another company has started production of the "Sage of the Pacific," portraying the life of Adm. Isoroku Yamamoto, mastermind of the Pearl Harbor attack. Yamamoto, commander-in-chief of the Japanese fleet, was shot down by American airmen in the South Pacific in April, 1943.

The producer of the Yamashita film says: "We have chosen this theme because we Japanese are forgetting our past subservience under the Allied occupation and are returning to patriotism."

The producer of the Yamamoto film declared: "We have found the admiral was reluctant to start the war, but was forced to do it by other leaders. I hope my picture will make people realize the importance of public opinion, especially in preventing war."

Knox And Brown Plug For Bridge

LANSING (AP)—A top Republican and a top Democrat combined today in an effort to sell the Legislature on rescuing the sinking \$90,000,000 Mackinac Straits bond issue with a state grant of \$500,000.

Rep. Victor A. Knox, Sault Ste. Marie Republican and former speaker of the state House of Representatives, flew back from Washington to lend his support to the plan.

Prentiss M. Brown, chairman of the Mackinac Straits Bridge Authority and former Democratic U. S. Senator, scheduled a "sales" meeting with key legislators tonight for the same purpose.

Brown has reported to the lawmakers that the bridge bonds cannot be sold at the present weak state of the market unless the state agrees to pay up to \$500,000 a year for maintenance of the bridge.

Bridge Telegrams Flooding Lansing

SAULT STE. MARIE (AP)—Operation Telegram was in high gear today and in many other Upper Michigan cities in support of sagging prospects for a bridge across the Straits of Mackinac.

Local Western Union officials reported a steady stream of telegrams being sent from area residents to the Legislature where the lawmakers have been told that the \$90,000,000 bridge bond issue cannot be sold in the present weak market without a \$500,000 a year state guarantee for bridge maintenance.

Business and civic leaders kept switchboards humming in a huge drive to organize pro-bridge forces for purposes of selling the legislature on the necessity of making the guarantee

Ford Supplier Strike Settled

DETROIT (AP)—The Ford Motor Co. and the CIO United Auto Workers union reached a tentative agreement early today ending a 14-day strike at the company's Monroe Parts plant.

The strike over a union "speed up" charge had idled up to 40,000 Ford workers for several days.

Ford and the UAW announced the agreement jointly. The agreement will be submitted to a union membership ratification meeting in Monroe this afternoon.

The company yesterday had announced it would reopen 15 plants today which had been closed by a parts shortage due to the strike. Ford said the reopening was possible by the reshuffling of existing parts supplies.

The new agreement is expected to permit an early resumption of full production at Ford plants across the nation.

Company officials said normal production at the Monroe plant would start Thursday if the agreement is ratified today.

The Monroe strike was one of two that idled a total of 80,000 auto workers Tuesday. Chrysler Corp. reported that a "wildcat" strike of 300 truck drivers forced it to shut down almost all of its operations and sent home 42,250 employees.

Jackson Prison Escapee Caught

JACKSON (AP)—State police yesterday recaptured a 38-year-old escapee from Southern Michigan Prison after a wild highway chase east of here on US-12.

The convict, James Gordon, 38, of Detroit, escaped from cellblock 16 outside the prison walls yesterday afternoon using a prison car.

A guard in a tower spotted Gordon as he started the car and took off towards Jackson. State police were alerted.

Trooper Lloyd Huff took up the chase and caught up with Gordon east of Jackson, but was unable to pass the fleeing convict. He trailed Gordon for 14 miles on heavily traveled US-12 and finally forced Gordon into a ditch.

Gordon was sentenced in 1950 to serve two to five years for auto theft, and was returned in 1952 as a parole violator.

Archbishop Dead

MILWAUKEE (AP)—The Most Rev. Moses E. Kiley, 76, Roman Catholic archbishop of Milwaukee, died today at St. Mary's Hospital. He had been hospitalized since last October due to a heart ailment.

Plucky Stewardess Helps Save 19 In Cascades Air Crash

SEATTLE (AP)—Rescuers followed a trail of blood left in deep snow by a plucky stewardess yesterday and brought 19 airline crash victims out of the wild Cascade Mountains.

Six others were killed in the crash.

The DC3 plane, chartered by the Army to fly 22 servicemen from Scranton, Pa., and Washington, D. C., to Seattle, plunged into thick trees after one of its two engines failed and ice formed on its wings.

Footprints Traced
Arduous, day-long rescue work began after the stewardess, Mrs. Adra Long of Berkeley, Calif., was spotted hobbling down the mountainside. Her winding footprints were spotted with blood.

She had struggled six miles from the crash despite a long gash in her leg and severe chest injuries. She told rescuers she regained consciousness after the crash "still sitting in my chair. I had been thrown clear of the plane."

This was at approximately 2:30 a. m. The position: 40 miles south-east of Seattle at the 3,000-foot

level. Snow was five feet deep. "I couldn't stand it up there," she said. "I had to see if I couldn't get out and get some help. One of those boys up there had one of his legs almost torn off. He was suffering terribly."

Trees Break Fall

The death toll was not higher because trees broke the plane's fall. Wings were torn from the craft. The fuselage broke in two, the forward section badly smashed and the rear half virtually intact.

The pilot, co-pilot and four servicemen were fatally injured.

The only other survivor to walk out was Pvt. Odell Matthews of Washington, D. C. All the others were carried to a tiny helicopter landing spot less than a mile from the wreckage and to trucks which followed bulldozers up the mountain to within a quarter mile of the cold and pain-wracked survivors.

One of the survivors who spent the day awaiting rescue was Pvt. Howard Wormuth, 21, Carbondale, Pa., who said the plane had had engine trouble out of Chicago and had to return there for servicing.

London Clerk Held For 4 Stranglings

LONDON (AP)—Police today charged John Reginald Christie, owl-eyed trucking clerk, with the strangle-murder of three women in his sleazy flat in Notting Hall.

This brought to four the number of murder charges placed against Christie, an outwardly mild-mannered man of 55 whose hobby was said to be photographing women in the nude.

He was charged March 31 with the murder of his wife, Ethel, 54. Her body was found under the floorboards of the grubby flat now riddled apart by police in their search for bodies.

The new charges accused him of the strangulation murder of Rita Elizabeth Nelson, Kathleen

Maloney and Hectorina McKay MacLennan at the flat during January and February.

The half-clothed bodies of these girls were found walled up in the pantry of the flat last month. The remains of two other women have been dug up by police in the sooty garden behind the flat.

City Attorney Rules Mayor Of Niles Not Defaulter In Taxes

NILES (AP)—A city attorney's opinion says Mayor Russell Thomas is eligible to serve in his office.

City attorney Keith Ball gave his opinion to the city council last night after Alderman William Holmes had questioned the eligibility of Thomas to hold office.

Holmes raised the question on the grounds that Thomas was delinquent in paying license fees on juke boxes in a drive-in restaurant and ice cream parlor he owns.

Ball's opinion was that only a "defaulter" with "corrupt intention" would be ineligible under the city charter. He said Mayor Thomas paid the delinquent license fees as soon as statements were mailed to him, and therefore was not a wilful "defaulter."

Sticker Man Wins On Mackinac Island

MACKINAC ISLAND (AP)—A recount Tuesday night of the April 6 mayoralty election here verified exactly Leslie O'Brien's 135 to 107 victory over incumbent Ralph O. Couls.

O'Brien was a sticker candidate and his election was contested by Couls, sports shop operator who had held the post for three years. The recount was conducted by the four-member city council in a heated session in the city hall.

Dipper Drowns

MARQUETTE (AP)—Joseph D. Thibodeau Jr., of Ishpeming, drowned early today in the Chocoma River near here when he lost his balance and fell into the water while smelt dipping. Two companions pulled him out of the river but could not revive him.

Shell Shortage Inquiry Revived

By DON WHITEHEAD

WASHINGTON (AP)—Senators return to their inquiry into ammunition shortages in Korea today after successfully ducking around a roadblock that had been thrown up by Sen. Morse (Ind.-Ore.).

They called in the Army's top ordnance, supply and accounting chiefs to give their version of why ammunition production did not get rolling until two years after the start of the Korean War.

Gen. James A. Van Fleet, retired former commander of the U. S. Eighth Army, has said his troops were short of ammunition during all the 22 months he was in Korea. Pentagon officials have denied that, saying others were only spot shortages of some types.

Today's witnesses were Maj. Gen. E. L. Ford, chief of ordnance; Lt. Gen. W. B. Palmer, Army G4 in charge of procurement and movement of supplies; and Lt. Gen. G. H. Decker, Army comptroller.

Battle Creek Boys Admit Placing Tie On Grand Trunk Tracks

BATTLE CREEK (AP)—Two boys who said it "seemed like a good idea" have admitted placing a railroad tie across the Grand Trunk railroad main line tracks on the outskirts of Battle Creek.

A 75-car freight train pulled to an emergency stop Sunday less than a car's length from the tie.

Fred H. McIntyre, agent in charge of the Detroit FBI office, said the boys—one 8, one 10—made the admission to the FBI and railroad detectives.

McIntyre said the boys could give no explanation for their act other than that "it seemed like a good idea."

Meters Net \$100,000

GRAND MARAIS (AP)—Parking meter collections in the Grand Rapids area have netted the city \$100,000 for the fiscal year ending next June 1, Bernard Passage, spokesman for the city auditor's office announced Tuesday.

Crystal Falls Flier Helps Bag Russian Mig

By STAN CARTER

SEOUL (AP)—Three U. S. Sabre jet pilots shared in the destruction of one Communist MIG over North Korea today and on the ground withering fire from The American 45th Division infantrymen hurled back 150 to 200 attacking North Koreans on the Eastern Front.

The Reds left 30 bodies sprawled on barbed wire entanglements on a hillside below an Allied trench line near Heartbreak Ridge. Another 25 North Koreans were listed as wounded in the 45 minute battle, the Eighth Army said.

Action was light elsewhere along the 155-mile front.

The three Sabre pilots who made the triple jet MIG kill are Capt. Vincent E. Stacy, of Crystal Falls, Mich.; Lt. Robert D. Carter, of Bluefield, W. Va.; and Lt. Henry A. Jones, of Memphis, Tenn. Each was credited with one-third of a kill.

This was Capt. Stacy's description of the aerial battle: "We saw 40 MIGs high, about 43,000 feet, south of the Suhoi Reservoir. Four of the MIGs went high, four went low. I latched on to the four high ones, closed at 24,000 feet, fired and got hits. The MIG headed toward the Yalu. Lt. Carter scored with two bursts. The MIG began smoking as it leveled and headed north. Right then Lt. Jones fired and hit him in the tail pipe and left wing. The MIG started burning and spinning as it dove for the ground. It took three of us, but we got him."

Leaders said Robert C. Kline of Sault Ste. Marie, former Chippewa County prosecutor, had entered the fast-filling lists and was drawing the endorsement of many northern Michigan Republican committees.

The central committee will meet Saturday, ostensibly to elect a successor to Summerfield, who resigned. However, party leaders are counselling the appointment of a nominating committee to recommend candidates to a subsequent committee meeting.

Kalamazoo Rejects Aid From Broke State

KALAMAZOO (AP)—Kalamazoo County has refused an offer of increased aid from a deficit-plagued state treasury.

The county board of supervisors turned thumbs down on a proposal to increase the state's payments for tuberculosis patients at Fairmount hospital from \$3.50 to \$4.50 per person a day.

The decision was made after Chairman Harry Lawrence of the Fairmount hospital board of trustees told the supervisors "the state is getting deeper in the red every day." He added:

"The more a county gets from the state, the greater the risk of increased state control."

Virginian Cuts GOP Majority

By JOHN F. DAFFRON

DANVILLE, Va. (AP)—Virginia's Fifth District returned to its customary Democratic voting ways and elected former Gov. William M. Tucker to Congress in Tuesday's special election.

It was the nation's first election since November in a normally Democratic district that bolted to Eisenhower.

Tuck, 56, who walked out on the national Democratic ticket last fall, trounced Republican Lorne Ross Campbell by about 4,500 votes in a total vote that fell short of 30,000. Tuck's majority was less than the district's usual comfortable margin for Democrats in congressional elections.

Tuck said he plans to go to Washington to take his seat about next Tuesday. His election shaves the Republican majority in the House to 10. When he is seated, the division will be 221 Republicans, 211 Democrats, 1 Independent and 2 vacancies.

Valuations In County Pushed Up 10 Per Cent

Delta County Board of Supervisors yesterday accepted a report of its tax equalization committee which raised assessed valuations in townships and cities 10 percent.

Total assessed valuation in Delta County, both real and personal, was set at \$31,931,467.

Gladstone members did not sign the report. H. J. Henrikson of Gladstone informed the Board. Like Escanaba and the townships, Gladstone was raised 10 percent, with the assessed valuation of new construction over and above that 10 percent. Losses from fire, loss of business, etc. were allowed.

The Gladstone city assessor told the board a flat 10 percent boost in property valuation was an unfair way of spreading taxes and was unfair equalization. To put 10 percent on every piece of property was unfair to some owners, he declared.

Study Proposal Rejected

Henrikson said Gladstone intends to make a check of every parcel in the city and thinks something similar should be done in the county.

Henrikson moved that Chairman Harold Gustafson appoint a committee to make a study of valuation in the townships and the two cities. He cited one case where due to boundary-line confusion a piece of property actually in a township was thought by city assessors to be in Gladstone. Thus the property by mistake was carried on both assessment rolls. In Gladstone it was assessed several hundred dollars higher than in the township, he said.

Several supervisors spoke against Henrikson's proposal including Allen T. Mercier of Nahma who said the board had had a good, similar study of valuation done recently and there was no need to do it again.

"I believe at this time we don't have the money to go ahead and set up a special committee... I think it's useless," he declared.

The board voted down the Henrikson motion 19 to 4. Only the four Gladstone members voted for it.

Fire Fighting Agreement

Henrikson also advised the board he was consulting the Gladstone city attorney to see if Gladstone has to reimburse the county for school and county taxes it is not able to collect on property belonging to the Delta Coal and Dock Company. The company has appealed the tax assessment on its property to the Michigan Tax Commission, which asked Gladstone not to spread taxes against the present assessed value of the property pending an investigation.

The equalization committee has taken the position that Gladstone must keep the Delta Coal and Dock property on its tax rolls and cannot remove it temporarily pending the state investigation.

The conservation committee recommended yesterday that the board accept an agreement proposed by the Michigan Conservation Department regarding fire-fighting in Delta County. The Conservation Department wants county road personnel to put out any fires they may spot as they go about their duties according to Chairman Gustafson; and it wants county road equipment called in to help put out fires. It also wants the county two-way radio used to help fire-fighting.

Following its approval by the conservation committee the proposed agreement was referred to the committee on roads, bridges, parks and airports.

The equalization committee announced valuations for townships and cities.

Committee appointments announced by Chairman Gustafson were as follows:

Agriculture: Peder Pedersen, chairman; George Berg, Fred Holmes, Charles Sedenquist, Henry Hughes, Bertha Carlson, Edwin Bergman.

Building and Grounds: L. J. Jacobs, chairman; H. J. Henrikson, Henry Hughes, Edward Cox.

Claims and Accounts: Charles Priester, chairman; Rex Stowe, Wesley Hansen, Bertha Carlson.

Conservation: George Berg, chairman; Donald Douville, Gordon Kelley, Jacob A. Bink.

Education: Charles L. Schmidt, chairman; Gordon Kelley, Edwin

Wells Twp. Hires School Architect, Raises Wages

WELLS—The Wells Township Board of Education in regular meeting last night engaged an architect to prepare plans and specifications for two new schools, and granted salary increases to 16 teachers in the school system. The meeting was held in the Wells School.

The board unanimously agreed to engage Walter Arntzen of Escanaba as the architectural firm for the two schools, after interviewing three architects: John Berg, Allen T. Mercier, Edwin Bergman, Howard Gierke.

Sanatorium: Robert E. Le Mire, chairman; Allen T. Mercier, Edwin Bergman.

Welfare: Chester Feak, chairman; Fred Holmes, Michael La Pine, Joseph Casimir, Wesley Hansen.

The board recessed until 7:30 tonight when it will again meet in the county courthouse. The finance committee, which did not have time to meet yesterday, will meet tonight at 6 in the courthouse.

Equalized Valuations

The equalized valuations for townships and cities follow:

	Real	Personal	Total
Baldwin	\$ 566,500	\$ 66,100	\$ 632,600

Name Peterson To Tax Board

C. Gust Peterson was appointed last night by the Escanaba Board of Education to represent the Escanaba School District on the County Tax Allocation Board. Peterson has served in that capacity in past years.

The board adopted a series of resolutions necessary for the annual school election to be held June 8. Two trustees will be elected for two years. The terms of Charles Folio and Dorothy Lindquist are expiring this year.

The board set the fee for election workers at \$8.50 and approved four precincts for the election. Precinct 1 will be the combined City 7th and City 8th precincts, to vote at North Escanaba Fire Hall; Precinct 2 will be the combined City 4th and City 5th precincts, to vote at the Junior High School; Precinct 3 will be the combined City 6th and City 9th precincts, to vote at the Senior High School; and Precinct 4 will be the combined City 1st, City 2nd and City 3rd precincts, to vote at Franklin School.

The board approved the salaries for teachers, providing for increases of \$300 for returning teachers except teachers at the maximum level. No increases in the maximums were provided.

Approval of the school calendar for 1953-54 was adopted. The calendar provides for the opening of school Sept. 8 and the final day of classes and commencement June 10.

Other actions taken by the board follow:

Accepted resignations of Bette Bodi, Marvin Paffenroth, Nellie Bastow and Helen Holmberg.

Approved contract for Ann

Baril, Ypsilanti, to teach in the elementary grades.

Authorized Vern Ihlenfeldt to attend an adult education conference and Don Ickes to attend an audio visual conference in Ann Arbor with expenses paid.

Accepted an offer of a \$100 scholarship from Chapter Z, PEO Sisterhood, known as the Mary Ellen French scholarship. The scholarship was \$50 in previous years.

Authorized the payment of 6c a name for school census takers.

Received a report from James Frost, executor of the John Norton estate, that he will invest \$25,000 in bonds yielding 3 per cent, the income to be available for scholarships.

Adjourned to Tuesday, April 21.

More Volunteers Are Needed For Unpaid Public Service

HUGH Grow, secretary of the Escanaba Chamber of Commerce, speaking to the Escanaba Rotary Club Monday noon on the subject of the city's power shortage, suggested that a committee of citizens

Adenauer's Plea Deserves Attention

WEST German Chancellor Adenauer, the newest of our European visitors, comes to America as one of the staunchest advocates of unity for Europe.

His concern for this goal is not wholly unselfish, though Adenauer is widely regarded as one of the most "European-minded" of all statesmen in the free world today. He greatly fears for the future of his country if it should somehow be allowed to slide back into isolation from the West.

Though Adenauer's trip here has been long planned, it takes on added meaning for Germany in the light of the fast-developing Soviet peace offensive. For he is alarmed at the prospect West Germany might suffer from a possible new agreement between Russia and the western powers.

A hard-headed statesman, Adenauer believes that Germany's only road back to strength and dignity on the continent lies in its close linking with France, Britain and the United States.

He knows a restored German unity on Russian terms would mean not fruitful partnership with Moscow but domination by the Kremlin.

He is distrustful as well of more disarming Soviet proposals for German unity which would seemingly preserve his country's independence. For he sees as the inevitable effect an end to the European army pact (already approved by the lower house of the Bonn parliament), and the withdrawal of Allied forces from German soil.

It would be no comfort that Russian troops also would be taken out, since they would be stationed on the Polish-German and Czech-German borders. On the other hand, the urge would be strong to pull American forces back across the Atlantic and British armies across the Channel.

The net result, as Adenauer sees it, would be a perilous kind of solitary independence that would be no spur to the needed growth of freedom-loving elements in Germany.

Fundamentally, Adenauer is here to gain reassurance from American authorities that the West will make no agreements with Russia which will put Germany under Moscow's long shadow.

Power With Words

By Dr. C. E. Funk

The key words in each of the following pairs of sentences are very similar in spelling or sound, but differ in meaning. From each pair select and mark the one that you believe to be correctly used. Answers are below.

1.—(a) Valences were of flowered chintz. (b) Valences were were of flowered chintz.

2.—(a) Two strange men entered the bazaar. (b) Two strange men entered the bizarre.

3.—(a) Entomology is the study of insects. (b) Etymology is the study of insects.

4.—(a) They did not essay to escape. (b) They did not essay to escape.

ANSWERS

1.—(b) valences (VAL-ensez), hanging drapery.

2.—(a) bazaar (buh-ZAHR). Bizarre means "fantastic."

3.—(a) entomology (EN-to-MOLL-o-j). Etymology treats of word origins.

4.—(b) (eh-SAY), attempt.

The Doctor Says... Can Lead Normal Life By Taking Thyroid Extract

By EDWIN P. JORDAN, M.D. — Written for NEA Service

Failure of the thyroid gland to fulfill its function is rather rare, but it does occur. Q—My daughter is in her late 20's and has a thyroid deficiency. She takes one grain of thyroid extract daily. Must she continue taking the extract all her life, and is this called myxedema? Mrs. B.

A—Thyroid extract is sometimes prescribed for those who have a lessening of thyroid secretion, which is not severe enough to be called myxedema. In myxedema, however, the thyroid secretion is practically absent, but by giving the right amount of thyroid extract a victim of that condition can be brought practically to normal. It is, however, almost always necessary to continue taking the pills indefinitely. If this is done there is generally no reason why someone with myxedema cannot live a completely normal life.

Q—I am a retired man of 72. For the last year I have noticed that towards evening my ankles begin to swell. Is this something about which I should be concerned? R. M.

A—It would be well for you to have a checkup of your heart, kidneys and circulation. The swelling of the ankles is probably dropsical. It is likely that some minor change in your customs could be made which would be helpful.

Q—What causes one breast to develop more than the other, and is there any way of combating this situation? Worried

zens volunteer to serve in an effort to bring a solution to the problem.

The proposal, we believe, is a good one. The problem is vital to the future well-being of the community. It is a problem involving many hundreds of thousands of dollars, a complex problem. The City Council, we believe, would welcome the assistance of such a group in helping to reach the answers that must be forthcoming in solving the problem.

Community service is the basis for good citizenship. It is ironic that so few persons offer their time and talents for the betterment of their community in public, unpaid service and yet the solution of community affects so many people in so many ways.

Sure, there are a sizable number of persons who are contributing their efforts in unpaid public service—the members of the city council, planning commission, library board, civil service commission, charter revision committee, workers in Community Chest, Red Cross, Easter Seals and other charitable drives, etc., etc.

In proportion to the number of people who benefit from these unpaid services, however, the number of persons who volunteer for public service is comparatively small. In most cases, it is necessary to "draft" these workers.

It is interesting to note that many people work in various phases of unpaid service. Often they are among the people whose own business interests or family affairs impose heavily upon their time but they make the sacrifices that are essential to community service.

Think it over. If you have not made your fair share of contribution of time and talents for the public benefit in civic boards or as a worker in public drives, you owe your community something besides the taxes you pay. Volunteer as a community worker the next time the need arises.

Other Editorial Comments

CLEAN-UP CAMPAIGN

(Marquette Eagle Star)

THE Marquette Chamber of Commerce will sponsor the first "Clean-Up" campaign of proportions to be held here in several years. It is an excellent idea that can bear fruit if the campaign is thoroughly organized and properly promoted. The campaign, to run from May 1 to 15, will constitute an effort to give Marquette cleaner streets and alleys and brighter homes.

Marquette is among the relatively old communities with a large number of old residences, many of which could be retouched to advantage with a coat of paint or improved in other ways. Only 8.8 per cent of the more than 4,400 residences in Marquette have been built since 1940 or later. About 65 per cent of these are one-dwelling structures—occupied by single families.

The "Clean-Up" campaign should not be restricted to the exterior of homes. A large percentage of the families have much "junk" stored away in attics and basements, some of which constitutes a fire hazard. The campaign should include an effort to induce residents of Marquette to make a serious effort to eliminate fire hazards along with the general clean-up.

The success or failure of the "Clean-Up" campaign rests to a considerable extent with the inspiration its leaders provide. It could be a tremendous success if most people of Marquette catch the spirit of the movement.

Uncle Sam is always looking for ways to make speedier mail deliveries. Why not speak to hobbies who leave things in their coat pockets?

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Probably the most important backstage feud in Washington is between two auto tycoons who are battling over the nation's mobilization policy. They are General Motors' ex-boss Charlie Wilson, who quit the auto business to become Secretary of Defense, and Studebaker's present boss Harold Vance, who was offered the job of defense mobilizer but couldn't afford to give up his Studebaker ties. However, he agreed to serve as a special consultant.

These two captains of industry have clashed behind the scenes over broadening the country's production base. Wilson has found that he can save an estimated billion dollars out of his budget by stopping the construction of defense plants. Vance has warned this would cost more in the long run, might even jeopardize the nation's future security.

Both men have tried to keep their dispute out of the papers. However, Wilson argues privately that he would rather stockpile planes and tanks than defense plants and machine tools. He claims that more money has been spent on industrial mobilization than weapons of war since the Korean outbreak.

"A number of plants have been built that shouldn't have been built," he keeps repeating in closed-door conferences. "I don't agree with (ex-secretary of defense) Lovett's theory that you need two plants to produce a thousand tanks when one plant could do the job."

He also wants to strike \$500 million out of the budget for stockpiling machine tools.

"I see no reason to stockpile machine tools," Wilson declares flatly.

SAFETY FROM ATTACK

However, Vance takes the long-range view that the more plants we have, the greater our output will be in case of all-out war. He warns that we should not store too many production eggs in one basket, should scatter as many plants as possible around the country. This would make it more difficult for Russia to cripple defense production by surprise attack.

Vance also claims it would be cheaper in the long run to stockpile machine tools, than try to stockpile the planes and tanks that the tools produce. When the stockpiled planes and tanks become obsolete, Vance points out, they would have to be scrapped. It would be more economical, he argues, to keep the machine tools on hand and simply redesign them to keep up with modern improvements.

Most of Wilson's military experts agree with Vance. However, Wilson is the boss. His views probably will win out.

SOVIET PEACE STRATEGY

Just before General Al Gruenther flew back to Paris, he testified behind closed senate doors regarding the solemn chances of peace or war. He also told about the "most serious" security leak at NATO headquarters, and related how a Russian officer was recently intercepted by which the Red army was to attack an American unit the next morning at five o'clock.

Some of Gruenther's testimony must be kept off the record because of military secrets. However, here are the non-security highlights.

Most significant discussion was over Russia's sudden peace offensive, which Gruenther warned may be a trap to lure us to sleep. This roused some sharp comment from President Eisenhower's Republican backers.

"I am scared to death of these peace overtures," blurted Senator Alex Smith, New Jersey Republican an ex-Princeton professor.

"We better watch out that we aren't a sucker for a left," agreed Gruenther. He added that the Soviets "made the biggest mistake in their history when they started the Korean War, because it has united the West."

"Do you think that may be the reason Malenkov has launched this peace campaign, in order to stop our united effort?" asked Senator Homer Ferguson, Michigan Republican.

"If I were a policy adviser to the Russian government," Gruenther replied, "I would certainly recommend that they try to lure the West again."

He warned that the "number one project of Soviet foreign policy is to split the United States from its allies. This was the theme of the Soviet Union congress last October, and the fellow who made the most noise about it was Malenkov."

Gruenther acknowledged, however, that Russian timing is often bad.

"They don't always go around kissing babies at the right time," he said, "so they may not be able to fool people as easily as they did before."

"We have been mousetrapped two or three times, and I hope we don't get mousetrapped again," snorted Senator Bourke Hickenlooper, Iowa Republican.

NATO "SPIES"

Changing the subject, Chairman Alexander Wiley of Wisconsin broke in: "We've been hearing a lot about espionage lately. Do you have any spies at NATO?"

"I keep sticking pins in myself wondering how we get by with so few security breaches, considering that we have officers from twelve nations in our headquarters alone," responded the General.

On the question of Soviet strength, Gruenther gravely warned that the Russians have massed an overwhelming army and air force behind the iron curtain. However, he assured that the NATO forces were on the alert and could give a good account of themselves in case of an attack.

Into The Past

10 YEARS AGO

Escanaba—Mr. and Mrs. B. M. Howe, Mrs. E. L. Murphy, Mrs. C. E. Johnson, Mrs. Robert L. Parsons, E. J. Kremer, Mr. and Mrs. James Ferguson, Mrs. Harry Needham, and Mrs. Derbin Remington of the Delta Bridge League are leaving today for Appleton, Wis. to compete in the Appleton open pair tournament which will be held Saturday and Sunday.

20 YEARS AGO

Escanaba—Plans for an outdoor sportsmen's club are to be made at a meeting to be held in City hall next Friday. Purpose of the proposed organization would be to promote conservation.

Without A Country:

New Immigration Act May Reduce Unwanted Aliens

By DOUGLAS LARSEN

WASHINGTON—(NEA) — The new McCarran - Walter Immigration and Nationality Act has begun to reduce the pool of undesirable aliens in the U. S.

The first group to be frightened out of the country by the act's new threat of a jail sentence and fine for those who ignore final deportation orders were 44 persons who had been tagged as subversives by the Justice Department's Immigration and Naturalization Service. Previously, undesirables who had been given final deportation orders could actually stay in the U. S. for years, in many cases until they died, without being fined or jailed, by tying up the Immigration Service in legal red tape.

The McCarran law puts teeth into the deportation proceedings. It specifically states that a person who fails to get out of the country six months after the final deportation order is served on him automatically becomes subject to heavy fine and imprisonment.

The 44 subversives who scammed out as the act went into effect had been stalling on the grounds that they had no place to go, that no country would accept them. But faced with jail and fines, they quickly found havens behind the Iron Curtain.

Until the new law was passed there was always a pool of about 5000 deportees in the U. S. who weren't getting out for several reasons. The pool had about a 50 per cent turnover each year, but remained about the same.

An Immigration Service official estimates that the mere presence of the new law on the books will reduce this number by at least 10 per cent. And he thinks that when the law actually gets into full operation the pool will be drastically reduced.

When the act went into effect, 4939 persons who had been served with final deportation orders, were still in the U. S. Of that number 127 were subversives, 2124 were criminals or addicts, 688 had come into the country illegally and 2220 were in the "other" category.

The "other" group includes mostly persons who came to the U. S. as students but who had given up their studies and had overstayed their time.

Probably the biggest headache to the Immigration Service is the group within the pool who are remaining in the country because they claim that no other country will accept them. To deport a person there must be a country which will accept him.

According to the latest immigration figures there were 1641 persons in that category—men without countries, or stateless citizens.

A breakdown shows that 75 of them were ordered deported as subversives, 875 as criminals, 208 as entering illegally and 483 in the "other" category. Yet they are free in the U. S. because they have no place to go.

Actually, an Immigration spokesman claims, most of them can find a place to go if they try hard enough. It is this group which is going to be most affected by the McCarran Act, he says.

AND AWAY THEY GO: A carload lot of unwanted aliens—most of whom seem unperturbed by the future — is herded into a dockside elevator for deportation under the new law.

Keeping an eye on the deported-but-still-here group is an expensive and complicated program. The Immigration Service is responsible for keeping them out of trouble. The FBI and local police are called in to help. Immigration officials can order these persons to stay in a specific area and not travel, and can force them to report in person each week on their activities.

Deportees who are declared especially dangerous to the safety of the country can be put in federal jails even before their grace period of six months is up.

It is expected that the six months section of the act will help the Justice Department in its efforts to get big-time racketeer Frank Costello out of the country. When he gets out of jail an attempt will be made to take away his citizenship. Then the deportation proceedings will be instituted.

School Tag Boosts Better Education

By STEVE YATES

NEA Special Correspondent
TALLAHASSEE, Fla.—(NEA)—

They're using a novel advertising method these days to get people interested in the need for better schools. It's a "school tag," the size of a standard license plate, for use on the front of your car, carrying an educational message.

Aud many usually staid and conservative school teachers now have their cars adorned with the blue-and-white plates and the slogan: "Better Schools Make Better Communities."

Today, there are some 60,000 of the tags on cars throughout the nation, from Florida, where it all started, to California.

The idea was the brain-child of Howard Jay Friedman, a former newspaperman now with the Florida State Department of Education.

Florida uses only one license plate. And Friedman, whose job it is to help publicize school activities, worried about the empty place on the front of his car for some time. Then he hit on the "school tag."

He drew up a sample plate, interested a Florida manufacturer in the tags, and presented them to the Florida Education Association.

SCHOOL PLATE: Elinor Levy displays automotive promotion.

The FEA, unable to cope with the demand, turned the tag over to the manufacturer. But that hasn't stopped the use or the sale of the plates one bit.

Good Evening...

By CLINT DUNATHAN

THE PROFFERED HAND—This business of shaking hands, I recall reading somewhere, originated in ancient times. The idea was that if you offered your open hand it was proof that you carried no weapon.

This gesture of peace has through many years for many persons offered all sorts of opportunities for displaying individual preferences in the hand shaking method.

Not long ago in Escanaba I met two St. Ignace men, T. L. Jackson and Clarence B. Dell. Their handshake, believe it or not, was from side to side and not up and down.

I do not know whether this peculiarity is shared by the other citizens of St. Ignace or whether it was meant to signify something after the manner of the cone signals brothers of a lodge share with each other. All it did was mystify me.

FIRM AND MANLY—Some people believe that a firm if not bone-crushing grasp reveals a strong and manly character. They use your hand for exercising and return it limp and bleeding.

Meeting one of these Tarzan types a couple years ago I decided to beat him to the punch and started squeezing and held on as long as I could. He accepted the challenge and we hand-wrestled all over the hotel lobby.

Fortunately for me another victim came along and released my broken bones to take on an opponent he considered more worthy of his strength. Now, having learned my lesson, I put both hands in my pockets and nod politely.

THE LANGUID FISH—It is equally disconcerting to encounter the dead fish type of hand shaker, who offers what appears to be a hand but which turns out to be as cold and lifeless as a rubber glove.

This clammy article is placed in yours without any suggestion of what you are to do with it. If you should shake it, perhaps it would come off; if you don't shake it, the darn thing may stay there forever.

My solution is as follows: Give it one tentative squeeze and if it's still there, let go.

Seldom do you find this type of hand on salesmen or politicians, who are accustomed to meeting and greeting people. They shake hands like they mean business, which they do.

PUMP HANDLE ARTIST—Just how many times a hand should be shaken before both partners tire of the exercise is a fine point of etiquette never explored by Mrs. Post.

Two shakes should suffice for casual acquaintances, three for old friends, and let yourself go when you really feel exuberant might be a good rule.

But beware of becoming a pump handle artist—one of those habitual hand agitators who never seem to work up a prime but persist in trying with everyone they meet. They have never learned that no matter how hard they try they can't get water out of a dry well.

THE CLINGING VINE—There are several other types of handshakes needing description.

One of these is the Virginia Creeper or clinging vine hand that nestles confidently in yours and then seems to grow there. Your effort to delicately untangle your mitt is met with gentle resistance. You can get away either by using a machete or chopping away this human vegetation or spraying it with one of the chemical weed killers recommended by the county agricultural agent.

Most difficult to defend yourself against is the elbow-rubber, who grasps your hand in his right hand and then uses his left hand to massage your elbow. You might as well relax and enjoy this.

The two-handed handshake is also difficult to deal with, although you can add your hand to the pile and make it resemble the opening butt between two polite sluggers in the Golden Gloves.

Not to be forgotten is the coy individual who plays hard to get at a hand shaking party. You reach for it and it has been withdrawn, so you pull yours back and his is there again. If you can't grasp that hand at the first try, ignore the little game and he will go away.

But if Americans didn't shake hands they would have some other greeting custom. Like the Eskimos rubbing noses, which is very unsanitary.

UNCLE EF

The chairman of the Democratic County Committee, after a long silence, now says the Republicans in Washington remind him of the back-seat driver who finally took over the wheel only to find traffic problems a lot more complicated than he expected.

Receive Bids On Parking Meters

Bids to supply the city with between 400 and 500 parking meters will be opened by the Escanaba City Council at its meeting to be held Thursday at 8 p. m. in City Hall. Mayor Robert E. LeMire will preside at the meeting.

The city will also receive bids on 3,000 feet of concrete pipe, which will be used to extend the underground drainage system of Butcher's Creek.

The Council is scheduled to hear objections to the following improvements: Water main extension on South 22nd St., and a water main extension west of the Escanaba Golf Club.

New business to come before the Council includes the following:

First reading of a proposed parking meter ordinance.

Report of the board of election commissioners and city canvassers relative to the Charter Revision Commission election.

Petition for paving of 19th St. S. between Eighth and Ninth Avenues.

CHARTER STUDY COMMISSION—Escanaba's Charter Revision Commission is pictured in its initial meeting held last night in City Hall. The members are (left to right, seated) Miss Nina Ley, vice chairman; Carl J. Sawyer, chairman;

Mrs. Kaye Gunderson; (standing, left to right) Atty. Wheaton Strom, Lowell Hebbard, Hilmer Johnson, Carl F. Johnson, Donald Moreau and George Embis. (Daily Press Photo)

Hermansville Couples Change Their Stories Of Kjellgren Accident

MENOMINEE — Two young couples from Hermansville, who were at the scene of a traffic accident on US-2 near Cunard early on the morning of February 1 in which four persons lost their lives and two others were seriously injured, have reversed previous statements to officers investigating the tragedy and have signed a statement giving a true account of what occurred, reports Prosecuting Attorney Victor A. Lundgren Jr.

The four are Livio Malone, 21; Gary Barribeau, 18; Dorothy Stockero, 18, and Millie Arduin, about 18, all of Hermansville. They were returning home from Iron Mountain when they reached the accident scene and the reason their earlier stories differed from their final statements, they told Lundgren, was that "everybody was excited" and they thought the farther away they got the less likelihood there was of their being questioned in the case, in which none wanted to be involved.

The four persons killed in the accident were Mr. and Mrs. Oscar W. Kjellgren, Escanaba, who were traveling east toward Hermansville, and Walter J. Jasonowicz, Norway, and Miss Bette Ann Ragine, Stambaugh, who were in the Jasonowicz car traveling west toward Iron Mountain. Two others, Miss Betty Olson, Iron Mountain, and Joseph Recchietti, Norway, who were also in the Jasonowicz car, were seriously injured. The two women were nurses at the Veterans Administration Hospital in Iron Mountain.

No Prosecution Planned
The car the two Hermansville couples were riding in, driven by Malone, was not involved in the accident, Lundgren said, and no charges will be filed against the occupants. This final statement, which all agree is the true one, came as a result of an exhaustive

probe by Deputy Sheriff Andrew Vescolani, who told Lundgren early in the investigation he was not satisfied with the original stories the four told. Lundgren complimented the officer on his persistence.

(In the original story, Malone stated he was traveling toward Iron Mountain; that the Kjellgren car passed him, going towards Hermansville, at a high rate of speed and that he heard it crash headon into the Jasonowicz car seconds later. He judged his distance from the crash at about 1,500 feet; said he turned around, went back to the accident scene and then went to summon help.)

In his statement which Lundgren today made public, Malone said the four had gone to Iron Mountain from Hermansville, where they had earlier attended a dance, to get a lunch. The restaurant they went to in Iron Mountain was closed, so they returned to Norway. The restaurant there was closed, too, and they were enroute back to Hermansville when they reached the crash scene.

Pulled Off Road
Near Cunard, Malone said, he pulled off on the shoulder of the road and stopped at the request of Barribeau, who left the car for a few minutes. He said Miss Arduin was seated with him in the front seat and that Miss Stockero and Barribeau occupied the back seat. After Barribeau returned to the car, Malone said he started to pull out into the highway when the Kjellgren car roared past and crashed headon into the Jasonowicz car.

Malone said the night was clear, that his car windows were not frosted and that the highway was dry. He said he looked out his side window when starting the car back onto the highway and didn't see the Kjellgren car, until its lights flashed from behind him.

He estimated the car was then only about 100 feet behind him.

Malone said he knew the other (Jasonowicz) car was coming toward them and said it seemed that when the back of the Kjellgren car "was a little past mine" the cars collided. He said he swung his car over away from the crash. He said he was near a crossroad and turned into it, drove around Johnson's store at Cunard, past the mill and then returned to the highway from the opposite direction. The distance, he estimated, was about a mile.

Malone said when they got back to the crash, Barribeau got out and looked into the Kjellgren car. (Kjellgren was killed instantly; Mrs. Kjellgren died enroute to the Norway hospital). Malone said Barribeau told him it "looked pretty bad" and they hurried into Hermansville to summon help.

Hospital

Miss Margaret Clark, daughter of Mr. and Mrs. Jerry Clark of Gladstone, underwent an operation for appendicitis at St. Francis Hospital today.

The Mediterranean countries lead the world in production of almond and filberts, or hazelnuts.

Sawyer Heads Charter Group

Carl J. Sawyer, civic leader and former mayor of Escanaba, last night was elected chairman of the Charter Revision Commission at an organization meeting in City Hall, attended by all of the nine elected Commission members.

Miss Nina Ley, teacher of government in Escanaba Senior High School, is vice chairman of the Commission.

The Commission was elected by the voters of Escanaba earlier this month. The members all serve without compensation.

The Commission has 90 days in which to study the charter and propose such revisions and amendments it deems advisable before it is submitted to the governor for approval and to the people for adoption.

Because of the large volume of material to be studied the Charter Revision Commission decided to ask the assistance of all city department heads as well as civic and fraternal organizations, trade and labor unions, women's groups and other groups and individuals who have an interest in revising the charter.

Requests for changes and amendments are invited and must be submitted in writing to City Clerk George Harvey, City Hall, by May 6, 1953.

The Commission will meet next at 7 p. m. April 22, and after that date will hold weekly meetings at 7 p. m. each Tuesday.

Briefly Told

Motorist Ticketed — Escanaba police have issued a traffic violation ticket to Robert W. Sauer of Gwinn for speeding, and disobeying a stop sign and traffic light.

Class Of 1923 — The reunion committee of Escanaba High School Class of 1923 will meet at 7:30 p. m. Thursday, April 16, in the lunch room of the Junior High School.

Delta Lodge Meets — A regular monthly meeting of Delta Lodge No. 195, F. & A. M., will be held Thursday, April 16, at 7:30 p. m. at the Masonic Temple. A cordial invitation is extended to visiting Masons.

Bark River Lions Meeting — The Bark River Lions Club will hold a meeting Thursday, April 16, in the Salem Lutheran Church parlor. Arrangements for an interesting program have been made.

Sewing Circle Meeting — The Priscilla Sewing Circle of the Immanuel Lutheran Church will hold a regular meeting Thursday, April 16, in the church parlor at 8 p. m. Mrs. Arthur Carlson will be the hostess.

Fire Calls — Escanaba Fire Department was called to the welder plant of the Harnischfeger Corporation, 439 Stephenson Ave., at 1:45 p. m. yesterday where a rubbish fire ignited some materials at the rear of the building. There was slight damage. The

firemen also were called to the Birds Eye Veneer Company plant at 8:10 p. m. yesterday where waste sawdust was being burned.

Dog Clinic Saturday — A rabies inoculation clinic for dogs in Escanaba will be conducted Saturday from 2 to 4 p. m. at the City Garage by Dr. I. H. Wood, veterinarian. Dog owners may also purchase their dog licenses at that time.

Escapes Injury — Mrs. Anna Molloy of 621 South 14th St. escaped injury at 9:45 a. m. today when accumulated gas in the oven of her cook stove exploded. Plaster of the ceiling was cracked. The explosion occurred after Mrs. Molloy lit the oven the third time after it had twice gone out.

Enlist In Service — Two Delta county men, Thomas Gafner, 1105 N. 18th St., and Richard Motto, Bark River, and one Menominee county man, Fred Walli, Hermansville, enlisted in the

Stamp Collectors' Annual Meet Tuesday

The Escanaba Philatelic Society will hold its annual meeting and banquet at 6:30 Tuesday evening, April 21, at the First Methodist Church basement, Ed Hamilton, Oshkosh, National Federation Representative for the Wisconsin Federation of Stamp Clubs will be the speaker of the evening.

All stamp collectors are invited to attend but reservations must be made with Roland Baldwin, club president by April 18.

The program will include two short recorded talks from the national federation convention and a stamp course.

service. Gafner and Walli enlisted in the Air Force, and they will proceed to San Antonio, Tex. Motto enlisted in the Army and will report to Fort Sheridan, Ill.

Chaplin Won't Return To U. S.

WASHINGTON (AP)—British movie comedian Charlie Chaplin has surrendered his U. S. reentry permit, indicating he does not intend to resume residence in this country.

The action was announced today by the Justice Department. The department last year posted a stop order against Chaplin at all American ports, after he had gone to Europe on a visit.

That order, made effective by former Attorney General James P. McGranery, requires that the actor submit to re-examination upon his return, to establish his readmissibility to the United States.

Attorney General Brownell said, however, that he has been informed by the State Department that when Chaplin was in Geneva, Switzerland, last Friday, April 10, he voluntarily surrendered his reentry permit to U. S. State Department authorities there.

These authorities said Chaplin made no comment at the time.

Chaplin was admitted as an alien for permanent residence in 1910, and had a 40 year multi-million dollar career in the Hollywood movie world.

Shortly after he and his family went to Europe for a visit last summer, Attorney General McGranery questioned his right to return, asserting that if the actor did come back he would have to establish his entry rights "like any other alien."

McGranery said his action was prompted by "public charges" associating Chaplin with Communism and "grave moral charges."

Three Highway Bids Will Be Opened

The Michigan Highway Department announced that bids on three projects will be opened Tuesday April 28 at 11 a. m.

Bids will be opened on: A bridge carrying M-28 relocated crossing Fox River in Seney, Schoolcraft County.

A bridge carrying M-94 over Nelson Creek, 1.5 miles west of Dukes in Marquette County.

4.875 miles of grading and drainage structures and stabilized aggregate surface on US-45 from county line to Gogebic-Ontonagon county line in Gogebic County. Also, 1.214 miles of grading and drainage structures and 23 foot stabilized aggregate surface course on US-45 from Gogebic-Ontonagon county line north in Ontonagon County.

Priscilla's Pop

SHOE SHOO-IN—Sitting atop a pile of more than 10,000 pairs of shoes, collected by the people of Bremerton, Wash., for the people of Korea, is Johnny Ritch, who

1325 pairs himself. When given a new bicycle for his good work, 10-year-old Johnny said, "I feel sorta mean, I'd like to give the bicycle to those poor people, too."

Briefly Told

Health Clinic Friday — An immunization clinic will be held at the Webster Annex Friday, April 17, from 1 to 3 p. m.

Weight Restrictions — Effective 6 a. m., Friday, April 17, normal loadings will be allowed on all concrete trunks in the Upper Peninsula, the Michigan Highway Department announced today.

Attend Conference — H. A. G. Quarnstrom, Delta county school superintendent; Walter Peters, Rapid River school superintendent; Robert Olsen, member of the Rapid River High School faculty, and Charles Follo, University of Michigan extension supervisor in the Upper Peninsula, returned last night from a two day conference sponsored by the college field services committee at St. Mary's Lake Camp near Battle Creek. The conference theme was "How to Improve Curriculum Services to Schools in Michigan."

UCT Holds Meeting And Square Dance

Escanaba Council, United Commercial Travelers held a regular meeting Saturday evening April 11. This was the first meeting over which new officers elected March 28 presided.

Following the business meeting square dancing under the direction of Steve Baltic was enjoyed. Later the ladies put their lunch boxes on the auction block, with auctioneer Clark Williams in charge. Every lunch was sold after furious bidding. Albert E. Taylor, senior counselor, said.

A fine crowd turned out, according to Taylor.

Legislators Study New Highway Laws

LANSING (AP)—Michigan's Legislature leaned toward new highway laws, ranging from an open-country speed limit to change in drivers' licensing.

The Senate, handling most of the bills, advanced for votes this week a measure to impose a highway speed limit of 65 miles an hour in the daytime and 55 miles an hour at night.

Tri-Mu Fraternity Plans Show In May

The Tri Mu Fraternity of NMCE will present "The Brite-Lites" of '53 on May 11 and 12 at 8:15 p. m. at the College Auditorium. Final plans have been completed and a program consisting of various types of entertainment has been arranged. The show will include musical numbers, comedy skits, specialty acts and the shapely all-male chorus line in several original routines. This presentation is unique in as much as the Tri Mu is one of the few male groups which undertakes such an endeavor. Other groups are, The Haresfoot Club of the University of Wisconsin, The Hasty Pudding Club of Harvard, and the Black Friars of Yale.

Production is under the direction of Leslie Perino of Iron Mountain. Miss Martha Beaman and Mr. Roy McCollum of the College faculty are chief co-ordinators. The heads of special committees are as follows: chorus line—Axel Anderson, Escanaba; properties—Ed Dudo, L'Anse; script—Pierce Roberts, Laurium; sales—David Nelson, National Mine; advertising—John Rousseau, Munising; and tickets—Paul Gingrass, Iron Mountain.

Wall Street

By RADAR WINGET
NEW YORK (AP)—Steels took the initiative today in a general stock market advance.

The rise went to around 2 points at the best with many advances of a point registered. Losses were small.

Volume stepped up smartly and hit a rate of around two million shares for the entire day. Yesterday's total came to 1,480,000 shares.

Radio Corp. opened on a block of 5,000 shares up 7/8 at 26 7/8 and held right around that price. The company said it is ready to go with color TV within 9 to 12 months after the government gives it the green light.

Among higher stocks were Bethlehem Steel, Studebaker, Goodrich, International Harvester, Boeing, Distillers Corp., Zenith Radio, American Telephone, Consolidated Natural Gas, American Cyanamid, Westinghouse Electric, Pepsi-Cola, Atlantic Coast Line Railroad, New York Central, Southern Railway, Gulf Oil, and Warner Bros.

Douglas Aircraft made an exceptionally good showing after reporting profits for the quarter ended Feb. 28 equal to \$3.66 a share as against \$1.66 for the comparable period a year ago.

Pepsi-Cola, yesterday's most active issue, hit the tape today at the start with a block of 5,000 shares unchanged at 15.

Trucks Are Damaged In Accident At Hyde

A truck driven by Robert J. Bickler, 1100 S. 18th St., collided with a truck driven by Robert Larson of Rte. 1, Menominee, this morning at 9:20 at an intersection a half mile north of Hyde.

No one was injured. Damage was estimated at about \$200 to each truck by the sheriff's department, which investigated.

Bickler was approaching the intersection of Road C-19 and Road 521-A when Larson made an improper left-hand turn, according to the sheriff's department. Larson struck the left front of Bickler's truck. The left front of each truck was damaged, the sheriff's department said.

Sheriff's men ticketed Larson for making an improper turn and for defective brakes.

HAZARD
Sterility is a major occupational hazard of both men and women X-ray workers. Special precautions, such as lead shields, are used to prevent this.

The Lapps, who average four to five feet tall, are the smallest people in Europe.

Out Our Way

By J. R. Williams

Oscar Petersen, Former Resident, Dies In Racine

Oscar J. Petersen, 59, a former Escanaba resident, died April 10 following a stroke suffered on that morning. Mr. Petersen had made his home for the past 20 years in Racine, Wis.

He was born Dec. 31, 1893, in Escanaba, and he was a veteran of World War I. His wife preceded him in death two years ago.

Mr. Petersen is survived by two sisters, Mrs. Ments Petersen and Mrs. Jule Johnson of Escanaba, and by one brother, Julius R. Petersen of Sheboygan, Wis., and several nieces and nephews.

Mr. and Mrs. Jule Johnson attended the funeral services which were held April 14 at the Dahl funeral home in Racine. Burial was made in the Graceland cemetery, Racine.

Obituary

JOHN TERRENS
Funeral services for John Terrens, widely known resident of Ford River who died Tuesday, will be held at 9 a. m. Friday at St. Patrick's Church with burial in Lakeview cemetery. Friends of the family may call at the Allo funeral home after 2 p. m. Thursday.

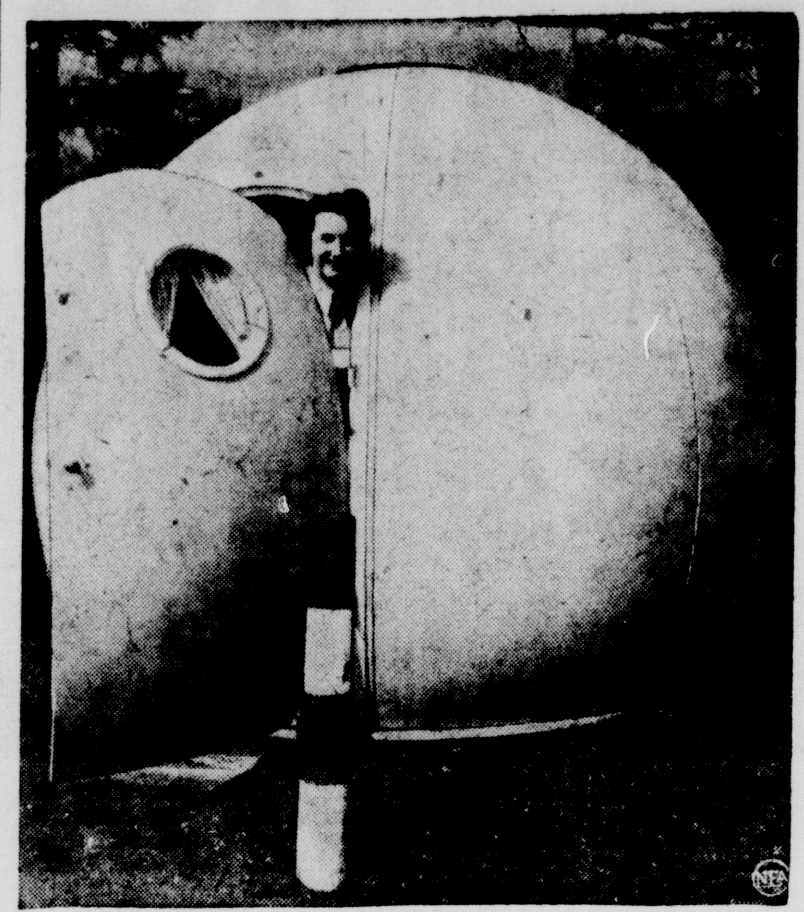

JOHN LOGAN
Final rites for John Logan were held at 9 a. m. today at St. Patrick's Church with Father Francis A. Hollenbach offering the requiem high mass. Burial was in Holy Cross cemetery. Pallbearers were John Gannon, Wilfred Carrier, R. E. Allingham, Ralph Finley, John Manning Sr. and William J. Rapin.

JOHN E. TYRA
Funeral services for John E. Tyra, Rte. 1, Wilson who died yesterday noon in the family home, will be held Friday morning at 9 CST from St. Francis Xavier Church, Spaulding. Rev. Father Walter Franzek will officiate at a Requiem High Mass. The body will be removed to the family home from Boyle Funeral Home, Bark River at 5 p. m. today. A parish rosary will be recited Thursday night at 7:30. Burial will be in the family lot in Spaulding Cemetery.

JOSEPH A. RYAN
Funeral services for Joseph A. Ryan of Milwaukee, a former Escanaba resident, were held at 9 a. m. Monday at SS Peter & Paul Church in Milwaukee with the Rt. Rev. Father Schuster officiating. Burial was made in the Milwaukee Holy Cross cemetery. Those attending the funeral from out-of-town were Mrs. Robert Stephenson, Minneapolis, Minn.; Mr. and Mrs. Harlow Resburgh and children, West Bend, Ind.; Mr. and Mrs. Edward J. Ryan Sr., Mr. and Mrs. John K. Ryan, Mr. and Mrs. Frank Ryan, Mr. and Mrs. Edward Ryan Jr., Herbert Ryan, and Eleanor Ryan, Escanaba, and Mrs. Hilding Peterson of Gladstone.

Safe Driving Talk At Meeting Of Students, Parents

An interesting program was enjoyed by a group of high school students and parents Tuesday night at the William Bonifas Auditorium, featuring a talk on driver-training with emphasis on good driving habits by Arthur Brien who conducts the Easy Method Driving School. The talk was followed by a sound film, "Safe As You Think."

LIFE'S A REAL BALL — A smiling occupant peers out of her new ball-like home which can be moved on the roof of an automobile. The spherical home, which could be the answer to the critical European housing situation, is on display at the International Auto Show at Frankfurt, Germany.

Traffic Stranded In St. Ignace And Mackinaw City

(Continued From Page One)

troit attorney, represented the seamen, who are not members of any union. In on the conference were deputy highway commissioner George Foster, Capt. George Lloyd, superintendent of state ferries, and other officials.

Before the Munising tied up it was hustling back and forth between the two ports trying to do two ships' work. But up to 150 cars queued up at Mackinaw City alone and motorists were forced to wait three hours or more for passage.

Capt. Peter Eversen tried to hire a second crew for the Munising at regular pay rates last night but was unable to do so. Then he was forced to tie up at the dock here.

Bees To Light Queen At June Coronation

RALEIGH (AP)—American beeswax will throw light on the coronation of Britain's Queen Elizabeth June 2, according to W. A. Stephen, beekeeper for the State College Extension Service. A royal commission of the British government has ordered 2,300 specially designed beeswax candles. Forty-two of the candles will weigh from 15 to 18 pounds each. Some will be sprayed with gold. The coronation order will cost about \$15,000.

School District Cheats State

LANSING (AP)—The state reported today it has been defrauded of a total of almost \$380,000 by the school enrollment padding in the Sandusky school district.

The district has been charged with padding its enrollment to obtain more state school aid than it had coming.

Dr. Lee M. Thurston, state superintendent of public instruction, said a completed audit showed there was \$150,878 in excess payments over the past two years which can be recovered by the state and \$208,450 running back to 1942 which can not be corrected after two years, under the law.

State school and finance officials, meanwhile, agreed to ask the Legislature for further tightening of school laws to prevent more padding. Other cases were reported at Litchfield and North Adams.

Dr. Thurston, state superintendent of public instruction, said the Legislature would be asked to permit him to force school districts to obtain and pay for audits of their finances, school enrollments and school census if he considers any district "doubtful."

Germfask

GERMFASK — Mrs. Catherine Shay returned to her home here after spending some time in Florida. Her daughter, Miss Kathleen Shay of Detroit, accompanied her home for a few days.

The Cribbage Club dinner will be served at the Germfask Community Building Saturday, April 18, at 6:30 p.m. A dance will be held after the dinner.

MECHANIZED WHEEL CHAIR GETS GREEN LIGHT — Patrolman Vince Joyce halts traffic on a busy Chicago, Ill., street to let Armond Hutchens, disabled Korea war vet roll past in his new motor-driven wheel chair, the first of its kind.

Caffery, Mrs. Alice Archey, Mrs. Jennie Swisher and Emmet Crown. Mr. and Mrs. David McLaughlin have returned to their home here after visiting their parents at Beloit and Oshkosh, Wis.

Mr. and Mrs. John Nowak and baby of Flat Rock are visiting at the home of Mrs. Nowak's parents, Mr. and Mrs. Vernon Lloyd.

Mr. and Mrs. Charles Holbrook and children visited at the home of Mr. and Mrs. Raymond Shepard at Curtis, Sunday.

A film was shown after services at Grace Ev. Lutheran Church, entitled "A Venture in Faith".

The navy of the Byzantine empire used "Greek fire" in attacking the enemy and some students believe some of this material was explosive.

India Has Food But Millions Starve

NEW DELHI (AP)—Indian government food larders are full, but more than 27,700,000 people are still not getting enough to eat. Food Minister R. A. Kidwai told a questioner in parliament.

Kidwai said the most serious scarcity areas were Madras where 8,470,000 suffered and Bombay State, with an estimated affected population over 6,000,000.

Government spokesmen blame low purchasing power and distribution difficulties for the scarcity conditions. The central food ministry tries to help local areas by advancing loans to make possible public works projects.

Congressional Quiz

Q—How did the term "pork barrel" originate and what does it mean?

A—The "pork barrel" is in reality the U. S. Treasury, from which Congressmen vote appropriations for public works and public buildings which are of special benefit to their Districts (and sometimes to their campaigns for re-election). Enemies of the first harbor improvements bill, which Congress passed March 3, 1823, charged its advocates voted for the bill for political reasons merely to get something for their Districts. The bill's opponents compared these demands upon the federal treasury to the rush made by slaves on southern plantations when the pork barrel was opened. Later any legislation for purposes of political patronage was called "pork barrel" legislation.

Q—How long has this country had federal social security?

A—The Social Security Act became law on Aug. 14, 1935. Some observers claim that first federal participation in general public welfare programs, however, came in 1785, when lands in the Northwest Territory were reserved by the federal government for establishment of public schools in various townships.

Q—How many of our older citizens are receiving benefits under the Social Security program?

A—At the start of 1952 there were 13 million persons in the country who had reached the age of 65. About 3.3 million of them were getting payments under the Old-Age and Survivors Insurance Program; another 2.7 million were recipients of Old-Age Assistance under the federal-state grants program which is also under the Social Security Act.

Q—I sometimes see the phrase "Senatorial courtesy" used in reference to appointments. How does it work?

A—This is a long-standing custom of the Senate that it will re-

fuse to approve nominations submitted by the President if the majority-party Senators representing the state in which the nominee resides have not given their prior approval of the nomination. The practice usually does not apply to cabinet positions.

Q—What is the purpose of President Eisenhower's plan to reorganize the Department of Agriculture?

A—The President said the plan's objectives are to place administration of farm programs close to the state and local levels. The new plan would also provide for two more Assistant Secretaries of Agriculture and an administrative as-

sistant to the secretary to aid in supervision of the department.

Q—Is the Weather Bureau under control of the federal government?

A—Yes, the Weather Bureau is an agency of the national government. It was first organized in 1870 as a part of the Department of Agriculture. Since 1940, however, it has been under jurisdiction of the Commerce Department.

Q—Just how does the Voice of America fit into the federal setup? Is it a branch of the State Department?

A—Yes, the Voice is a part of the State Department's International Information Administration. This is a semi-autonomous agency with five sections: Radio (Voice of America); Press and Publications (a press service for foreign pub-

lications); Information Centers (including libraries); Exchange of Persons (students and teachers exchange); and Motion Pictures (foreign films).

Q—Has the U. S. spent liberally in an attempt to make the Voice of America and its other foreign information programs effective?

A—For fiscal 1946 through fiscal 1953, ending June 30, Congress appropriated some \$491,325,000 for the International Information Administration, which includes the Voice, or for similar activities carried on by the State Department prior to creation of IIA. President Truman recommended \$114,515,800 for IIA during fiscal 1954 but Eisenhower Administration spokesmen have indicated this will be revised.

Q—Are the nation's Indians still wards of the government?

A—Yes, but the House March 25 adopted a resolution authorizing its Interior and Insular Affairs Committee to study the Indian Bureau with the aim of finding out when Indians could be freed of federal control and what functions of the Bureau could be abolished.

REDS FREE INOCULATIONS

HONG KONG (AP)—The Chinese Communists are giving free inoculations to Tibetans in an effort to avoid epidemics which in past years have been responsible for thousands of deaths, pro-Communist newspapers here report from Tibet's capital of Lhasa. A smallpox epidemic in 1925 killed 7,000 Tibetans.

This handsome couple test a toy car that really runs. Powered by a six-volt battery, it has a top speed of five miles per hour.

Santa Gets Started Early On Big Order

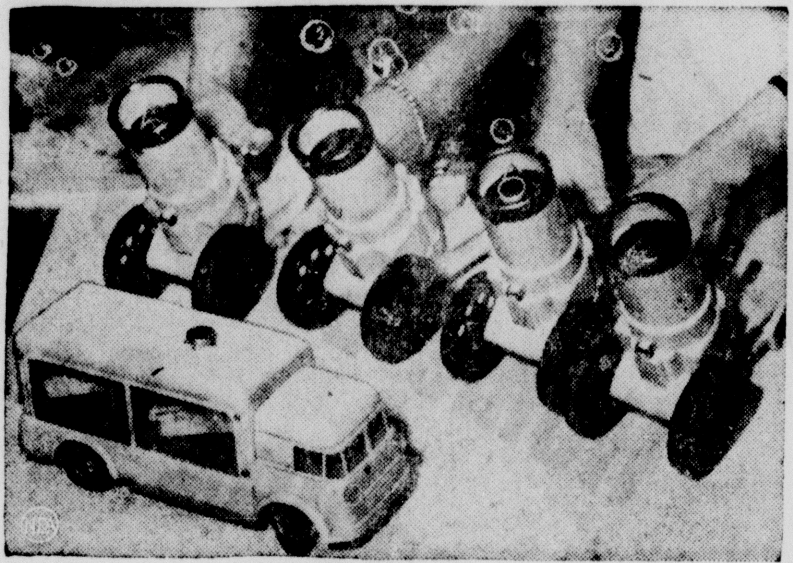

Even though we haven't reached the halfway mark between Christmases, Santa Claus and his helpers have been busy turning out new toys to charm the youngsters comes the next happy December morning. The miniature sports car is one of the first to be made of spun glass, which the manufacturer claims is practically indestructible. The toys were on display at fairs in New York and Nuernberg, Germany.

When the arm of this doll is touched, the sucker is automatically removed and doll cries.

This tot has a good time trying out a sleeping-dog rocker made of fiberglass plastic, which manufacturers say is unbreakable.

Pop go the bubbles as these toy cannons lay down a soapy barrage. The new German toys were displayed at a Nuernberg fair.

Guilt Admitted By Ex-GI Spy

WASHINGTON (AP)—Kurt L. Ponger, an Austrian-born former GI, pleaded guilty to conspiring to spy on U. S. defense secrets for Communist Russia.

Ponger, 39, entered his plea 24 hours after Otto Verber, his co-defendant and brother-in-law, pleaded guilty to the spy conspiracy.

Ponger pleaded guilty to a charge which government lawyers said carried a possible death penalty. But the prosecutors, in effect, waived any possibility of the extreme penalty for Ponger.

As a result, Ponger faces a maximum sentence of 20 years, twice the time Verber could receive.

Verber and Ponger are former residents of New York. They were living in Austria at the time of their arrest last January. They were flown here for trial.

Ponger pleaded guilty to conspiring with Verber and a former official of the Russian embassy in Washington and in Austria to transmit to Soviet officials in the two countries information concerning American defense secrets.

The Russian, Yuri Novikov, left for home after the U. S. ruled he was not acceptable as a diplomatic envoy.

Ponger entered his plea to the first count of the indictment, while Verber pleaded guilty to the second count charging a conspiracy to gather defense secrets with intent of having them transmitted to Russia.

"WEARING OF THE GREEN"

Queen Victoria, in 1900, granted permission to wear the shamrock on St. Patrick's Day to all Irish regiments and to Irishmen serving in the British Army.

Salmon accounts for 75 per cent in volume of the Alaskan fishing industry.

City 'Skeleton' Is Dug Up By Workers

SALT LAKE CITY (AP)—Workers digging a post hole dug up the skeleton of a 20-year-old city scandal.

The hole, dug for a utility pole, disclosed a box containing city payroll withdrawal receipts—dated in the late 1920s. Those receipts were the object of a search in 1929 when auditors discovered a shortage in city funds.

No one ever was convicted in connection with the shortage—primarily because of lack of the evidence which was dug up more than 20 years later. City officials said most of those persons involved at the time now are dead. Besides, the statute of limitations would prevent any prosecution now.

Spalding High School Paper Wins Citation

LANSING (AP)—Eight Michigan high school newspapers were announced today as winners of national awards in the 1952 TB school press project sponsored by the Michigan Tuberculosis Association.

Cited for top presentations on TB during the 1952 sale of Christmas Seals were high school newspapers in Channing, Kingsford, West Branch, Constantine, Ewen and Inkster, Graveraet High of Marquette and Spalding High of Powers.

Ready For Bride

MAYSVILLE, Ky. (AP)—For \$3 a Mason County man Monday purchased a marriage license, a \$10 wedding ceremony and two vocal selections to be sung at his wedding.

The license and service were sold by the Lions Club radio auction to raise funds for the club's sight conservation program and playground project.

Dave Cooper now needs a bride.

Many Michigan People Say O-JIB-WA BITTERS Greatly Helps Arthritis

Many customers proudly tell us of the wonderful results that they are getting from O-JIB-WA BITTERS. In appreciation, these sufferers from rheumatism and arthritis relate their experiences below. Their recommendations are offered here as more convincing proof that O-JIB-WA BITTERS is worth your trial.

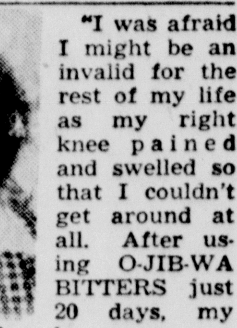

Mr. V. Handy
Battle Creek
like a different person. I am better now, and found O-JIB-WA the surest and cheapest treatment of them all."

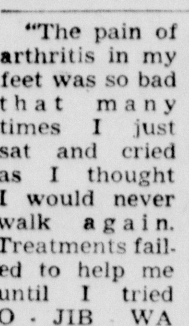

Mrs. Machine
Inkster
I have only the highest praise for this wonderful herb medicine, and recommend it highly to all who suffer from rheumatism and arthritis."

Mr. Noeske
Dearborn
I might be an invalid for the rest of my life as my right knee pained and swelled so that I couldn't get around at all. After using O-JIB-WA BITTERS just 20 days, my knee was completely better."

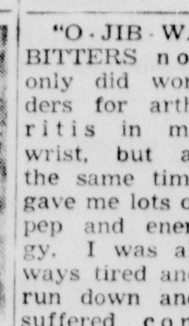

Mrs. Kneeshaw
Algonac
"The pain of arthritis in my feet was so bad that many times I just sat and cried. I thought I would never walk again. Treatments failed to help me until I tried O-JIB-WA BITTERS. Why, in three weeks I could see a world of difference and in about two months I was entirely better and that they are now available to the public. Tasteless, odorless—cleaned in a jiffy. Get Snug Denture Cushions today! 2 Liners for Lower or Upper Plates \$1.50. Money back if not satisfied."

1952 LIVESTOCK TOTAL
LETHBRIDGE, Alta. (AP)—Livestock with a market value of more than 12½ million dollars was handled during 1952 at the stockyards operated here by Alberta Stockyards Co.

More people get more news from newspapers than from all other sources combined.

Premier Cracks Down Hard On 'Baksheesh'

CAIRO (AP)—Premier Mohamed Naguib of Egypt has cracked down hard on "baksheesh." Baksheesh means tip or bribe and for years under past governments baksheesh has been the key to almost everything in Egypt. Through a baksheesh you could obtain a seat in a packed movie or an important government contract.

Ex-King Farouk, it was charged, had helped make the baksheesh a sort of national institution. He himself is accused of having collected several tips running into more than six figures. The government of Mohamed Naguib has put the anti-baksheesh war near the top

of the list of its immediate business.

A new law provides fines and imprisonment for accepting bribes.

Grocery Shopping Is Done By Husbands

NEW YORK (AP)—Two out of three husbands shop for groceries at least once a week.

More shopping by the man of the house is responsible for new packaging trends, according to a survey by the Diamond Match Co. Dainty "feminine" pinks and pastels are reported on the way out.

Grocery shopping by men is attributed to the rise of supermarkets, suburban "parking-lot shopping centers," and maintenance of a national birth rate which keeps mothers tied to the home.

Eases Sore Gums
Miracle Cushion
HOLDS FALSE TEETH Fast!
SOFT PLASTIC ALWAYS STAYS SOFT
Sore, Irritated Gums
Snug eases sore, irritated gums due to loose fitting dentures. No more chafing of wobbly dentures. All tender areas are gently cushioned. Eat curd-on-the-cob, steak, apples—talk, laugh as you please—plates "stay put," firmly, solidly. No falling or clicking.
When Gums Shrink
It's not your dentist's fault that gums shrink gradually—leave spaces between the plates and the mouth. Nature does this. Snug Denture Cushions re-line plates so there are no gaps between plate and gums.
Goodbye to Loose, Wobbly, Uncomfortable Plates
Snug Denture Cushions are a triumph of science, a sensational new plastic re-lining that gets rid of the annoyance and irritation of loose, badly fitting false teeth. Harmless to gums or dentures.
Done At Home—No Waiting
Snug Denture Cushions are thin sheets of a marvelous, scientific plastic material. Simply place one of these wonderful re-liners on the cleaned denture (upper or lower) according to simple instructions in package, and presto! You have practically a new plate. No daily bother with adhesives.
Used Widely by Dentists
Snug Denture Cushions were first used by many dentists to tighten up loose plates. They were so effective that they are now available to the public. Tasteless, odorless—cleaned in a jiffy. Get Snug Denture Cushions today! 2 Liners for Lower or Upper Plates \$1.50. Money back if not satisfied.

Slugger, 53, Dies At Grand Rapids

GRAND RAPIDS (AP)—Authorities planned further tests in an attempt to find the cause of the death of a 53-year-old odd-jobs man who died a short time after he beat an elderly couple with a bowling pin here Monday.

A preliminary autopsy failed to disclose the cause of his death and Dr. William Vanderploeg, Kent County medical examiner, ordered complete medical tests. There were no marks of external violence.

The dead man was Andrew Withers. He collapsed at police headquarters while being questioned about the double assault. He was dead on arrival at a hospital.

The attack victims, both osteopathic physicians, were Dr. James C. Simons, 83, and his wife, Dr. Verna Simons, 77. They were suffering from shock and multiple bruises.

The doctors told police they were attacked after Withers came to their home in search of work and was told there was none available.

Isabella

ISABELLA — Mr. and Mrs. Felix Johnson and Gust Soderberg of Danforth were weekend guests of Mrs. Signe Bonifas.

Miss Margie Nedeau of Escanaba spent the weekend with her parents, the Francis Nedeaus.

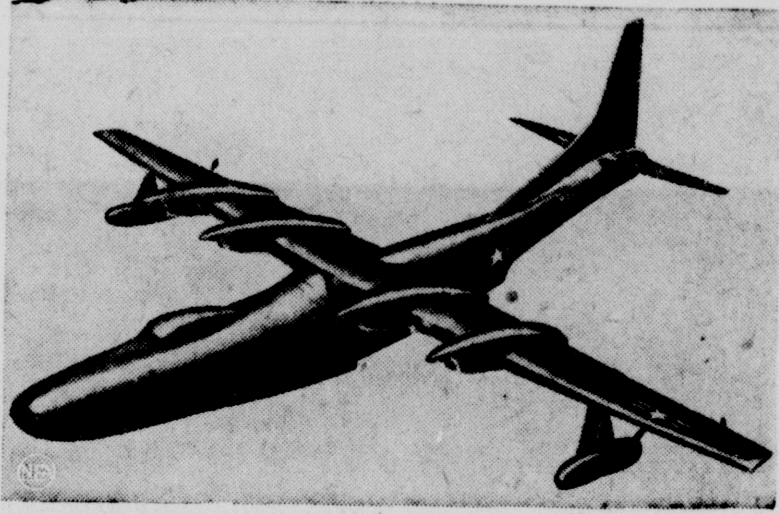

Nickie Ebbi is staying with his grandparents, Mr. and Mrs. Nick Bonifas, while his mother is confined to Pinecrest Sanatorium, Powers.

Sunday dinner guests of Mrs. Ruth Holmquist at Escanaba were Mr. and Mrs. Harvey Sundin, Mrs. Signe Bonifas, Gust Soderberg, Mr. and Mrs. John Kallin and Mrs. Judith Strom.

Mrs. John Moberg was dismissed from Schoolcraft Memorial Hospital Sunday and is convalescing at the home of her parents, the Arvid Sundins.

Ronnie Segerstrom of Ontonagon is visiting his grandparents, Mr. and Mrs. Algot Segerstrom.

Mrs. Emma Peterson spent the weekend in Manistique with her daughter, Mrs. Jack Leonard.

FLYING BOAT TO STRESS SPEED — Fastest flying boat in the 40-year history of water-based aviation is expected to be the Convair R3Y-1 "Tradewind," shown in artist's sketch above. Its top speed will be more than 350 miles per hour. The 80-ton transport, equipped with air conditioning and high altitude pressurizing systems, is the first water-based transport fitted with rearward-facing passenger seats. The plane is being tested at San Diego, Calif., and will be ready for trans-Pacific Navy service early in 1954.

Thompson

Installation of Officers
THOMPSON — The new supervisor and the board members were installed Saturday, April 11, at an organization meeting held at the town hall.

Liquor License Registration
The registration of liquor licenses will take place Monday, April 20, at the town hall, Larry Marlowe, township clerk, will be in charge of the registration.

Smelt Are Running
The smelt run in the Thompson Creek is in full swing. The run is the earliest this year that it has been in many years.

Briefs
Mr. and Mrs. Sam Anderson left Saturday for Whitefish Point where they will be employed by the Brown Fisheries.

Cy Pierce visited friends here and his parents, Mr. and Mrs. John Flight, in Cooks Saturday while his boat was tied up by the ice jam in the Soo Locks.

Mr. and Mrs. Hal Olsen returned to Milwaukee Sunday after a several days visit here. They were accompanied by Philip Olsen who returned to St. Lawrence College at Mt. Calvary.

James Scully and Russell Robinson of Marquette, Leland Anderson of Newberry, Florin Warren of Watersmeet, Bradford Druling of Crystal Falls, and Cliff Long of Escanaba were here for two days to discuss the proposed work program to be done here this summer.

John Olsen and sons purchased ten pigs at the auction sale held at the Clifton farm in Fayette Saturday.

LOST 75 POUNDS Results Speak For Rennel So Does Grand Rapids Lady

Rennel appeals to old friends and invites new users. Good results encourage good words for the product. That is what prompted Mrs. Pearl Eegee, 7 Travis, Grand Rapids, Mich., to rely on Rennel Concentrate. She writes: "When I came to Grand Rapids to visit an aunt I was so much overweight, had such high blood pressure that I was just tired out all the time. Since my aunt used Rennel and had lost a lot of weight, she said with it I could, too. With the very first bottle I felt better and soon started losing weight. Now I have lost 75 lbs. Bloat has disappeared. The pleasure of feeling well and being regular are mine, thanks to Rennel."

Your drug store has liquid Rennel. No need to starve yourself—no tablets needed to fortify you against weakness for you eat normal regular meals. No wishful thinking. Just follow simple directions. If not pleased with the very first bottle return it for your money back. \$1.40 at your drug store now.

Loblolly Pines Ready For First Thinning

RALEIGH (AP)—Worn-out cropland on the Baird farm in Huntersville was planted to loblolly pines in 1935 with the help of CCC crews.

Now Baird's pine is ready for its first thinning. Baird is planning to thin two or three acres this year and the same amount each year. Part of the wood will be cut into seven-foot fence posts for sale to a pressure treating plant near Charlotte. The rest will go to a pulpwood dealer.

From now on, says John L. Gray, in charge of forestry for the State College Extension Service, the farm will bring in a steady cash income.

Garden

GARDEN — Mrs. Gladys Hynes, who is a medical patient in St. Francis hospital, was recently visited by Miss Gertrude Polmateer, Mrs. Rosalyn Erickson and John Sopko and daughter Sylvia.

Mrs. Arthur Beathe and George Hessler have returned to their homes in Milwaukee after attending the funeral of Otto Stiel.

Mr. and Mrs. B. Bodette and children Susie and Billie and Mr. and Mrs. Robert Lester and children Dianne and Lew, have returned to Wakefield after spending the weekend at the homes of Leo Lester and Joe Tatrow.

Raymond Winter, a teacher in the Menominee schools, spent the weekend at his home in Garden. Mr. and Mrs. Chester Winter of

Manistique were Sunday visitors at the Harry Lamkey home.

Mr. and Mrs. Ernest Lamkey of Lapeer visited with relatives in Garden over the weekend.

Stan Whitman of Munising was a Sunday visitor at the Victor Borga home.

Recent callers at the Chester Winter home in Manistique were Mrs. Nora Lester, Mrs. Myrtle Halvorson, and Mrs. Winter.

Menominee County Teachers Attend Institute Monday

POWERS — The auditorium of the new high school building at Menominee was the meeting place for the Menominee County Teachers Institute on Monday evening, under the chairmanship of Superintendent Robinson. A very enthusiastic and appreciative audience heard Dr. Carl S. Winters, minister of the First Baptist Church of Oak Park, Illinois, deliver a humorous and inspiring speech, during both morning and afternoon sessions. He was introduced by Mrs. Ethel Schuyler, Menominee County superintendent of schools.

"Teachers are like ministers, underpaid . . . most highly trained and overworked, but in there is pay that is not in the envelope; the pay that you can give some child a future. The privilege you teachers have is that of being traffic cops on the road to human happiness. The opportunity of making pupils what they ought to be for life. A teacher must have a sense of mission or he can't stay in teaching. A community must have an understanding that education is never an expense. It is always an investment. Great wealth of a community is not its square acres but its square minds."

Dr. Winters stressed that the kind of world teachers have to teach in is an atomic, shrinking world and a fighting world. To have a kindergarten mind in an adult body is an atomic age is the supreme crime, he said. The power to destroy or deliver, making guardians of life, merchants of death, race between civilization or shattered mass. The people must grow up or blow up, he emphasized.

"We have got to grow up mentally, no place to hide. This is a shrinking world. In this atomic age we are in trouble. This is the kind of world we are sending our young people out into. You teachers must educate for vocational competence, scientific understanding, artistic appreciation, historical perspective, and spiritual maturity."

He closed his talk by saying that, "You are not a good teacher until you have taught something more than self, for you people here are the molders of the human clay, the mental coaches of the younger generation, these children, go forward on the wits and minds of their teachers. You work upon the fundamental worth of a nation."

Miss Ellen Solomson, teacher from Sault St. Marie, now M.E.A. President-Elect was introduced by Joe Gucky, Supt. of Stephenson. She spoke on the latest developments in the M.E.A., legislation, new bills up before the legislatures, aid to schools, and retirement, also the need for social security for the man with a family. She stressed the importance of teachers "standing behind their administrators because he stands behind the teachers". She closed her humorous and enthusiastic talk on the importance of the job of teaching and the joy that goes with the job while at the same time the teacher does recognize that his is an underpaid job. She emphasized the need of the teacher for the M.E.A. association and also the N.E.A. for they are the teachers' union.

(Election of officers was held. John Todd, band director and Zig Sheski, science teacher of Powers-Spalding were elected as representatives to the area assembly). John Christ, history teacher of Menominee high school, was elected vice president.

FOR MOTORISTS

To clean the leather on a rumble seat, wipe it off with a rag moistened with a few drops of ammonia and then rub it down well with some leather dressing or a home-made preparation of linseed oil and half as much turpentine.

Classified Ads cost little but do a big job

Medical School Goes Arty

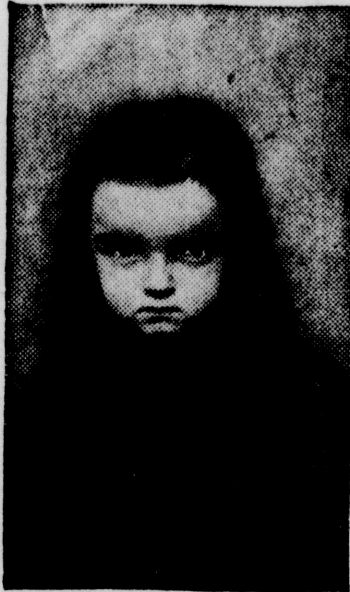

In their spare time from studying, students at New York Medical College turn out some very professional-looking work for the school's annual hobby show. Pictures below show some of the works of students and faculty members.

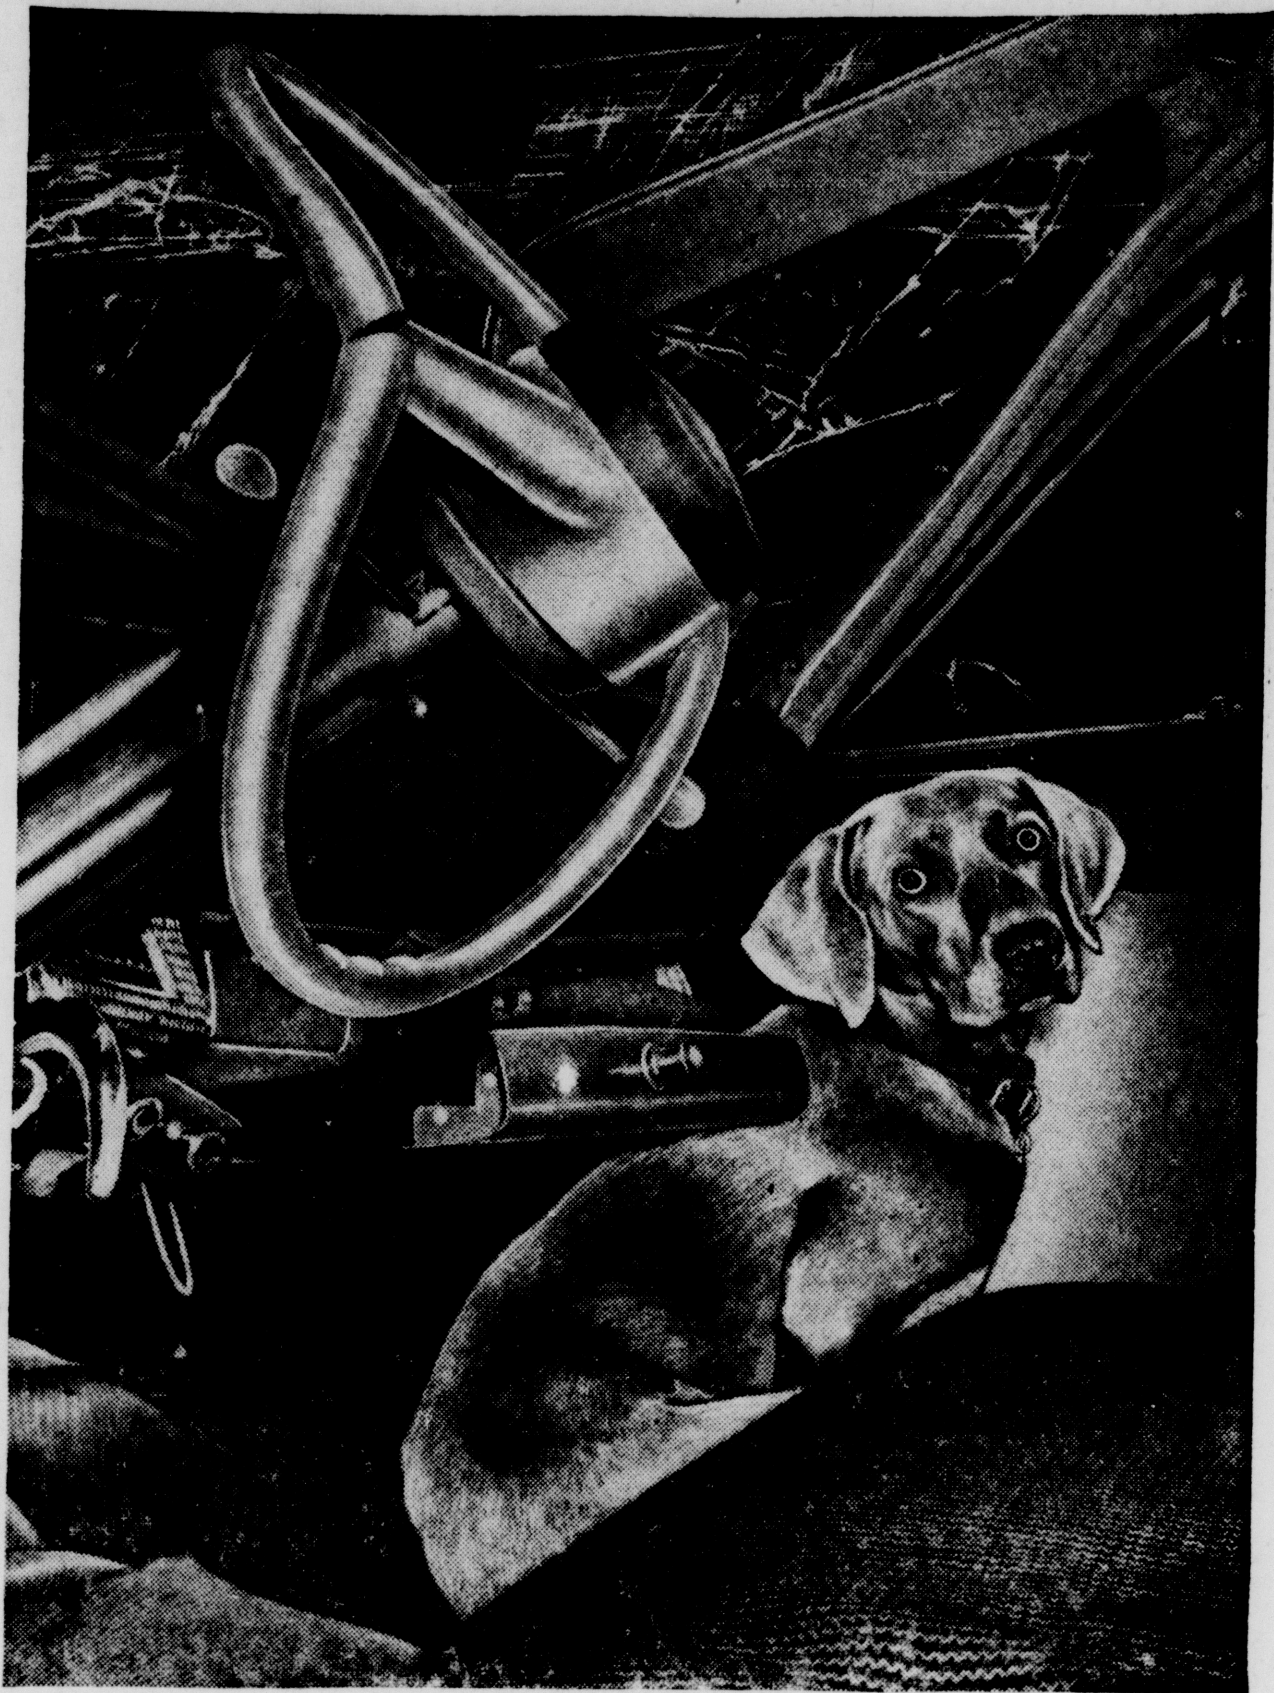

Student nurse Lorraine Dell Bovi listens with a stethoscope as medical student Bud Appleton places it on one of his shell animals.

Student nurse Lorraine Dell Bovi looks admiringly at "Symelus Siren," a sculpture by Abram Belskie, a member of the college staff.

"Gee!
why don't
he
come out?"

A wrecked car. A crowd gathers, and a child pipes up. "Gee! Why don't he come out?"

Before the child can get her answer, chances are that some grown-up will first have to get the full story from a newspaper.

Then, for the first time, the child will learn that the dog refused to leave when his master was carried to the hospital, injured.

Being on the spot is not much better than seeing one or two photographs of the action, or seeing a headline about it, or hearing a brief announcement.

All of these can whet your appetite for news, but they cannot satisfy your hunger for the whole story.

That's what the newspaper is for — news. The whole story . . . fast.

• This goes for advertising, too. The brief message that hangs in the air . . . or brief headlines here or there . . . may indeed have a momentary interest.

But the newspaper ad carries the brass-tacks quality, the urgency of the newspaper itself.

Like a news item, the ad can be examined and re-examined. *Can be read any time. Anywhere.* Can be clipped and carried in a pocketbook.

And just as the newspaper speaks the special language of the town it mirrors, the ads themselves have the same important local quality.

Add to all this the fact that the newspaper reaches just about everybody in town, not just fractions of audiences, and you know why the newspaper is the nation's most effective advertising medium.

The newspaper is always "first with the most"

Poland Not Red, Refugee Claims

LONDON (AP)—A refugee Polish Air Force pilot who fled to Denmark in a new Russian-built MIG-15 jet fighter says he made his perilous flight to prove that his Communist-ruled homeland remains true to the West.

The 21-year-old flier, Franciszek Jarewski, told newsmen of his escape Monday after he had been decorated for "outstanding bravery" by Gen. Wladyslaw Anders, President of the Polish government in exile.

Explaining why he took his speedy fighter plane from the Polish air base at Slupsk March 5 and sped across the Baltic Sea to the Danish island of Bornholm, he said:

"I wanted to prove that although the Polish people have been in captivity for so many years—and although their youth are constantly indoctrinated with Communist lore—the Polish nation does not flinch from its loyalty to the West."

Jarewski, who has been granted asylum in Britain, said he had no plans for the future. He added he would like to visit the United States and might join the U. S. Air Force if he had the opportunity.

Greek Ships Agree To Curb Trade With Reds, McCarthy Says

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) says he has obtained agreement from another group of Greek ship owners to curb trade with Communist nations.

McCarthy's announcement that he had received word from a number of Greek ship owners in London, that they were voluntarily withdrawing their ships from trade with Red China and other Soviet bloc nations, came after he had a meeting Monday with Mutual Security Director Harold E. Stassen.

COLLECTOR'S ITEM—A seldom-seen sight, a picture taken by visitors to Russia, shows the new Moscow University, as seen from Lenin Hill. Several photos were taken by a group of

American newspaper and radio editors who were permitted to visit Russia while on a tour of Europe. (NEA Telephoto)

Big General Motors Parade Of Progress Takes To The Road

By DAVID J. WILKIE
(Associated Press Auto Editor)
DETROIT (AP)—General Motors' "parade of progress," an educational road show that has been "in storage" since Pearl Harbor, moved out of Detroit today on a nation-wide tour.

Designed to emphasize how research and engineering have benefited the country the show travels in 44 vehicles and has its own "big top" — the aerodrome. The tent, with an aluminum frame and no poles to block the view, has a fireproof canvas "skin."

Most of the exhibits are contained in 12 special 33-foot long, streamlined coaches. The coaches have 16-foot side panels that open to form stages and exhibit areas. Other vehicles are 10 highway-type trailers and 22 trucks, station wagons and 1953 model General

Motors passenger cars. The coaches contain some two dozen major exhibits, ranging from the "miracles of heat and cold," to "power for the air age." The stage show, to be presented six times daily, tells of achievements in electronics, aviation and chemistry, is presented in the aerodrome.

Admittance is free. Starting the parade of progress on its way from the General Motors building in Detroit, Harlow H. Curtice, GM president, said it is planned to keep it on the road indefinitely.

The first stop will be Lexington, Ky., for a rehearsal performance April 24-28. Next a further preview will be held at Frankfort, Ky., May 1-5, and the official premier will be held May 12 in Dayton, Ohio. The parade will

leave Dayton May 25 for a swing through other cities.

Among the cities other than Dayton are Columbus and Cincinnati, O.; Anderson, Indianapolis and Kokomo, Ind.; Kalamazoo, Grand Rapids, Lansing, Flint, Saginaw and Pontiac, Toledo, Sandusky, Cleveland and Warren, Ohio; Pittsburgh and Harrisburg, Pa.; Wilmington, Del. and Baltimore, Md.

Until the end of the Napoleonic wars, "ships of the line" with sailing consisting of two feet of oak were virtually shot proof with the ineffective cannon used at that time.

Perkins

Mr. and Mrs. Carl Branstrom and Mr. and Mrs. Jules Domeuse visited in Palmer Sunday with Mr. and Mrs. Ed Miljour, former residents of Perkins.

Mr. and Mrs. D. B. Legault and Mrs. Clifford LeClaire spent Sunday with Mr. and Mrs. E. P. LeClaire of Bay View.

Corporal Elmer Ledvina arrived from Sheppard AFB, Tex., where he attended machinists' school to spend a 16-day furlough at the home of his parents, Mr. and Mrs. Matt Ledvina, St. Nicholas.

Mr. and Mrs. Adolph Lippens and daughter Alice have left on a trip to India, Calif. They plan on visiting and sightseeing several weeks. They will be accompanied on their return by their son and daughter-in-law, Mr. and Mrs. Ben Lippens who spent the winter months in California.

Mr. and Mrs. Kenneth Bailey and family of Eckerman and Mr. and Mrs. Neil Bailey and family of Gwinn were guests of Mr. and Mrs. Alfred Krouth.

Mr. and Mrs. Wallace LeGault

of Racine and Mr. and Mrs. Andrew Hughes Jr. of Flat Rock visited during the weekend at the Ray LeClaire and Daniel LeGault homes.

Miss Della Sharkey and Miss Carol Cohan of Little Lake, formerly of Perkins visited relatives here Monday.

Miss Mary Jean Richards returned to Milwaukee after a visit with her father, Joseph Richards of Brampton and with Perkins relatives.

H. C. Gibbs has returned from Grand Rapids where he received surgical treatment at Burleson hospital.

Car Rams Pole, Kills Driver, Darkens Town

SAGINAW (AP)—A speeding automobile rammed into a utility pole in the town of Bridgeport on Dixie Highway, killing the driver and blacking out the community of about 1,000 population for an hour when its power failed.

Bridgeport is seven miles south of here.

Truman C. Brown, 27, of Saginaw, suffered fatal injuries. Two companions were hurt.

Police said the car hit the pole while going at 90 to 95 miles an hour. The wooden pole, property of the Consumers Power Co., was snapped off and fell on the car.

Here! Now! Procter & Gamble's most excitingly different detergent! It's blue—and it's washday magic!

EXCLUSIVE NEW FORMULA WITH BLUE * MAGIC WHITENER!

First and only clothes-washing detergent of its kind!

See for yourself how really white, how bright your wash can be! For new blue CHEER actually guarantees you the whitest, brightest washes possible.

The secret: CHEER's exclusive new formula has a Blue * Magic whitener—a scientific discovery that whitens and brightens in the newest, most modern way. And it's safe for even the most delicate washable colors in your family wash!

MAGIC BLUE GRANULES MAKE INSTANT WHITE SUDS!

Everything in a single box—for everything you wash!

Really different—yes, even in color, new CHEER is different from all other suds. New CHEER is a pleasant sky-blue!

And wait till you see those blue granules burst into zippy white suds. Like magic, CHEER's long-lasting suds whisk out even the greasiest grime—and then keep it from settling back on the clothes. So CHEER can guarantee not only the whitest, but the cleanest washes possible!

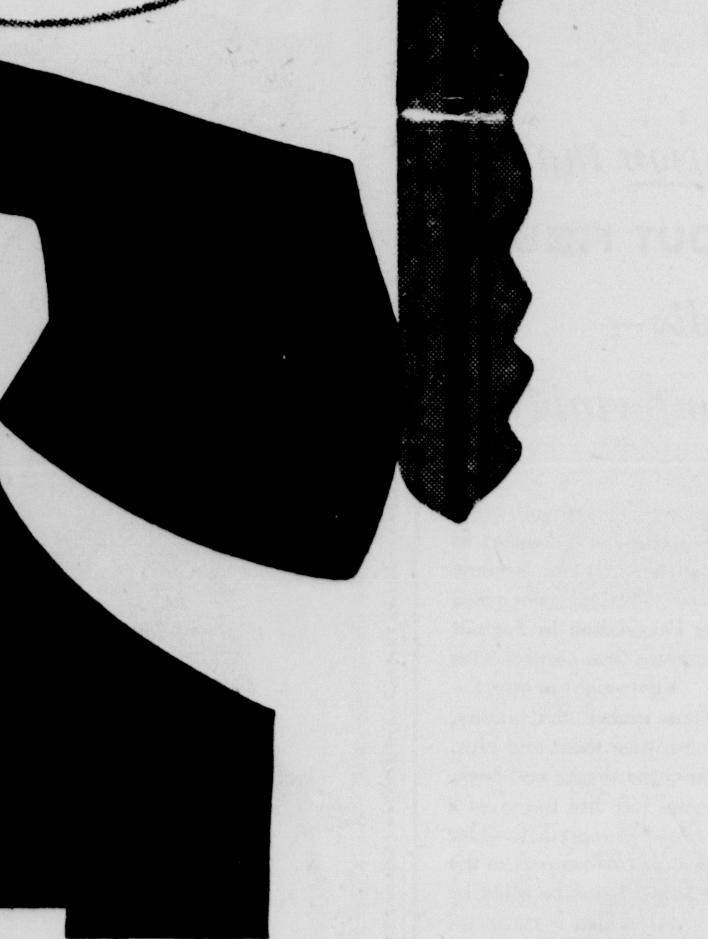

Double-your-money back if you don't agree that new blue CHEER gives you the cleanest, whitest washes possible. Just new blue CHEER alone—for everything in your family wash!

P. S. Use new blue CHEER for dishes, too! CHEER's instant white suds make dishes and glassware sparkle, without wiping . . . make greasiest pans gleam. No scum, no film. And CHEER is really mild on your hands!

GUARANTEES YOU THE CLEANEST, WHITEST WASHES POSSIBLE!

YOU need it every day...

Such a small thing, you take it for granted—a key. But think what it would be like not to have it.

It's the same with your telephone. You rely on it constantly. And it serves you for only pennies a day. Telephone service hasn't gone up in price nearly as much as most things you buy. It's one of your biggest bargains—

Worth a lot more than it costs

Michigan Bell Telephone Company

Vice President Will Open 62nd Club Convention

WASHINGTON, D. C.—Vice President Richard Nixon will open the 62nd convention of the General Federation of Women's Clubs with greetings at its first session May 25 in Constitution Hall, Washington, D. C.

Final speaker of the five-day convention will be Senator Everett Dirksen (R. Ill.) who will talk at the conclusion of an Americanism program on May 29.

Other speakers will include General Carlos Romulo, Philippine Ambassador to the United States; Mrs. Oveta Culp Hobby, Secretary of Health, Education and Welfare in President Eisenhower's cabinet; Harold E. Stassen, Director of the Mutual Security Agency; the Honorable Luther W. Youngdahl, Judge of the United States District Court; Mrs. Ivy Baker Priest, Treasurer of the United States; and Mrs. Hiram C. Houghton, former GFWC president who is now serving in the Mutual Security Agency.

Mrs. Oscar A. Ahlgren, Whiting, Ind., president of the General Federation of Women's Clubs, will preside over this, the first GFWC convention to be held in Washington.

Other highlights of the convention program will include a broadcast from Constitution hall by the Band of America under the direction of Paul Lavalle, and a broadcast of Keep Posted, an interview-discussion program.

GFWC executive committee and board meetings will precede the convention May 23 and 24.

Church Events

Immanuel Meetings

Immanuel meetings Thursday are the senior and junior confirmation classes at 4 p. m., the Junior Choir at 5 p. m. and the Senior Choir at 7:15 p. m.

Bethany Groups
The 7th and 8th grade confirmation class of Bethany Church will meet at the church at 4:05 p. m. Thursday. Senior Choir practice will be held at 7:30 p. m.

First Methodist Choirs
The Junior Choir of the First Methodist Church will practice at 4:15 p. m. and the Senior Choir at 7 p. m. Thursday.

Covenant Service
A midweek service will be held at the Ev. Covenant Church Thursday at 7:45 p. m.

Schaffer

SCHAFER — Elize Bauthier has returned from St. Petersburg, Fla., where she spent the past five months.

Mr. and Mrs. Aaron Planski of Wilson and Joe Richer and son Roger accompanied Les Dubrock to Chicago this past weekend.

Mrs. Carl Johnson and children of Escanaba and Mrs. George Pilon and Mary Louise Seymour went to Iron Mountain Sunday to visit Arthur Potvin who is a patient at the Freeman Convalescent Home.

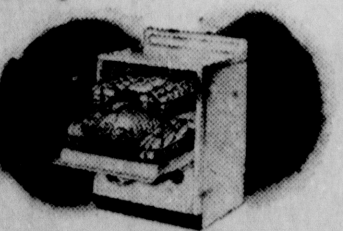

Mr. and Mrs. Carl Duncan and daughters and Mrs. Albert Dahl of Denver, Colo., visited at the Homer Seymour home this week. Mrs. Dahl recently returned to Escanaba after spending the winter in Denver with her daughter.

Mary Ann, 8, daughter of Mr. and Mrs. Herman Martin, has been dismissed from St. Francis Hospital where she had an eye operation.

Say Goodbye to washing... Wiping with the completely automatic KitchenAid HOME DISHWASHER

No more dishwashing "blues" with KitchenAid. Just load the convenient racks that slide smoothly out from the front-opening door... press the switch... forget it! Dishes are washed and dried sparkling clean... gently!

The new KitchenAid Dishwasher is packed with features you'll love. "Powered-water" wash... 2 times with fresh, hot water... circulated hot-air drying... completely self-cleaning and sanitary. It's "front-opening"!

Knit Gloves In Nylon Keep Shape

These Spring gloves lend a delicate air on hand but are practical as well as pretty. They're completely washable, dry quickly. Nylon American knit (above left) has rows of tiny red and black dots that are screened onto white background. Nylon boucle knits (above) have diamond pattern on back, fitted wrist and crocheted-effect cuff. Trim fit of these nylon knits (left) is achieved through use of elasticized cuffs. Lacy cotton string gloves (right) have hand-knitted look at budget price. These have transparent fingers and double cuff, will hold their shape indefinitely. — By Gaile Dugas, NEA Woman's Editor.

Coffee Cake From Louisiana Made With Mashed Yams

By GAYNOR MADDOX

When you visit hospitable friends in Louisiana, as we happily do rather often, you'll get amazing dishes made with deep-orange, moist yams. This coffee cake recipe is one we found.

Sweet Potato Coffee Cake
One-half cup butter or margarine, 1/2 cup sugar, 2 eggs, 1 cup mashed Louisiana yams (canned or fresh), 1/2 teaspoon salt, 2 cups all-purpose flour, 2 teaspoon baking powder, 1/4 teaspoon soda, 1 1/2 teaspoons allspice, 1/2 cup pineapple juice (2/3 cup juice if fresh yams are used).

Cream butter and sugar, add eggs and beat. Add sweet potato and salt. Beat well. Mix flour with dry ingredients, sift together, gradually adding to yam mixture alternately with pineapple juice. Beat again.

Bake in well-greased 8x8x2-inch pan in moderate oven (350 degrees F.) for 50 minutes. Dust with confectioners sugar or spread with favorite frosting, preferably orange-or-pineapple-flavored.

Pecans turn up regularly in Louisiana menus. You'll like these pecan squares no matter where you are.

Pecan Squares
Bottom mixture—1/2 cup butter, 1/2 cup brown sugar, 1 cup flour.

Cut butter into sugar and flour. (Use pastry blender if desired). Spread this mixture on a large pan or sheet to 1/4-inch thickness. Bake at 350 degrees F. (moderate oven) for 10 minutes. Let cool until barely warm.

Top mixture—2 eggs, beaten, 1 1/2 cups brown sugar, 2 table-spoons flour, 1/2 teaspoon baking powder, 1/2 cup dry, shredded coconut, 1 cup chopped pecans.

Beat eggs well. Add brown sugar and beat again. Then add flour and baking powder, sifted together. Add coconut and nuts. Spread this over bottom mixture and bake at 375 degrees F. (moderate oven) for 20 minutes. Cut into squares.

A new development in gas refrigeration is a automatic ice maker. It freezes ice cubes without the use of trays, and automatically replaces them as they are used.

Perkins

PERKINS — St. Joseph's Holy Name Society met Monday evening in the parish hall with 30 members attending. Following the prayer and an interesting talk by Father Charles Daniel a short movie was shown. Members made plans to serve a Communion breakfast to St. Ann's Sodality this coming Sunday. Lunch was served after the meeting by Clyde Benson and Ralph Eagle.

Briefs
Mrs. Chet Harris has returned from Shreveport, La., where she visited her son and daughter-in-law, Airman 1/c and Mrs. Edwin Harris. She was accompanied home by the junior Mrs. Harris and son Mark who will visit here and with relatives in Brampton.

Mr. and Mrs. Emil Casimer and Mrs. David Pepin of Trenary visited at the Fred Krouth home Sunday.

Louise LeBlanc spent a five day vacation at the home of her parents, Mr. and Mrs. Delore LeBlanc, 901 N. 19th St. She had as her guest, Miss Rosemary Ruckovich. Both are R. N.'s at St. Mary's Hospital in Duluth. Mrs. Herbert Bergman and Mrs.

Roy Johnson have left for Detroit called by the Critical illness of their sister, Mrs. Theodore Trombley. Mrs. Trombley is the former Claire Blomberg of Escanaba.

Today's Recipes

Today's recipe for salted peanut cake has been received from Mrs. Howard Tanguay of 308 N. 11th St., Escanaba.

Salted Peanut Cake
2 1/2 cups sifted flour
1 1/2 cups sugar
1 1/2 teaspoons baking powder
1 1/2 teaspoons baking soda
1 1/2 teaspoon salt
3/4 cup shortening
1 1/2 cups buttermilk or sour milk
3 eggs slightly beaten
1 1/2 teaspoons vanilla
1 cup salted peanuts ground
Mix as any other cake, adding peanuts last. Bake at 350 for 40 minutes.

Job's Daughters Initiation Held Last Evening

Initiation of a class of four candidates was conducted at the meeting of Escanaba Bethel, Job's Daughters, Tuesday evening at the Masonic Temple before a large attendance of Job's Daughters and their parents and friends.

The initiation ceremonies were conducted by Lois Hansen, Honored Queen, and Mrs. John Fawcett, Bethel Guardian, who opened the Bethel, assisted by John Edick, Associate Bethel Guardian. Members of the class taken into the Bethel are Suzanne Berfield, Margaret Jean Anderson, Maureen Rae Marsden and Mary Kay Eldred.

Pervious to the initiation ceremonies a supper was served in the dining room of the Temple.

Evert Thunander Family Returns To Iron River

POWERS-SPALDING — After making their home in the community for two years, members of the Evert Thunander family returned to their old home in Iron River. Mr. Thunander was a 1952 high school graduate of Pinecrest school. He recently has been employed in the office of the Chicago & North Western Railway Company.

Before leaving Powers, Mrs. Thunander gave a party for the close friends of their two girls, Nancy, who is in the third grade and Lesley, who is in the fourth grade.

Briefs
Roger Rankinen, a 1952 graduate of Pinecrest school was a Friday visitor at Pinecrest Sanatorium and also visited with friends in the community. Roger is an advanced student in accounting at the Pine Lake School at Doster, Mich.

Refrigerators must be kept clean for good health's sake. At least once a week, while defrosting takes place, all food and shelves should be removed. Wash the interior with a baking soda or a borax solution and soapuds. Rubber door seal and the outside as well as ice trays should be included in the washing.

2934
DELIGHTFUL DUTCH MAIDS
By MRS. ANNE CABOT

Here in a combination of simple outline and cross-stitches are gay Dutch maid designs for use on towels. They are fun to embroider and easy too. Or cut-off the name of the day and use some of the motifs to trim your little girl's pinafore.

Pattern No. 2934 contains hot-iron transfer for 7 designs, material requirements, color chart and stitch illustrations.

Send 25c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT, Escanaba Daily Press, 372 West Quincy, St., Chicago 6, Ill.

Presenting the NEW Anne Cabot Needlework ALBUM. Directions for puppet mittens, basic embroidery stitches and grand designs are printed in this issue. 25 cents.

Team cooked dice turnip with green peas for a good vegetable combination. Season with salt, pepper and butter or margarine. Or add cream sauce to the cooked vegetables if you like.

Bridge League Group Will Play In Tournament

Mr. and Mrs. B. M. Howe, Mr. and Mrs. G. E. Dehlin of Gladstone and Mrs. J. W. Ferguson of the Delta Bridge League will compete in the Wisconsin-Upper Michigan Bridge Tournament to be held at the Conway Hotel in Appleton this coming weekend.

Mr. Howe is president of the Wisconsin-Upper Michigan Association.

The group will leave Friday morning and return Sunday evening.

The tournament opens Friday and extends through Saturday and Sunday.

Teachers Granted Salary Raise At Powers-Spalding

POWERS-SPALDING—Increases of \$140 in annual salaries of teachers in the Powers-Spalding public school system have been approved by the Board of Education under new contracts for the 1953-54 school year, reports Superintendent William Sharon.

The \$140 increase affects base pay of all teachers, including those who have reached maximums in the salary schedule.

A raise of from \$35 to \$100 was given for extra curricular activities.

Slipcovers can be replaced on furniture while still faintly damp—no ironing is needed. They can be smoothed to fit and pleats and ruffles straightened by hand. An electric fan nearby will help speed complete drying.

P. E. O. Chapter Meeting Thursday

Chapter Z of the P. E. O. Sisterhood will meet Thursday at 8 p. m. at the home of Mrs. W. W. Oliver with Miss Roma Irons and Mrs. Henry E. Wylie, assisting hostesses. The program will be featured by a talk by Mrs. G. W. Traver on the topic, "Any Talent We Possess."

Today's Recipes

Cheese Muffins

Ingredients: 2 cups sifted flour, 3 teaspoons baking powder, 12 teaspoon salt, 2 tablespoons sugar, 1 cup very lightly packed grated cheddar cheese, 1 egg, 1 cup milk, 2 tablespoons butter or margarine (melted).

Method: Sift flour, baking powder, salt and sugar together. Stir in cheese. Beat egg until foamy; add milk and beat enough to combine; stir in melted butter. Add sifted dry ingredients; stir only until dry ingredients are moistened. Fill greased muffin pans about two-thirds full. Bake in hot (425°F) oven 20 to 25 minutes or until lightly browned and cake tester inserted in center of muffin comes out clean. Serve hot. Makes 12 medium-size muffins.

It's a good idea to "pick up and slick up" the living room at the end of the evening: Clean ashtrays, fluff up chair seats and pillows, and put papers and books or games away. Then when breakfast and other chores keep you busy the next morning, at least you'll have the living room in order!

Asparagus First Of State's Home Grown Vegetables

The 1953 season for Michigan fresh fruits and vegetables will begin in a couple of weeks now, according to George Motts, marketing specialist in the agricultural economics department of Michigan State College. Asparagus opens the homegrown season, followed by early garden vegetables and berries.

Have you ever wished for a convenient little circular or guide that would tell you when homegrown Michigan fruits and vegetables are in plentiful supply? Then you could select locally grown produce more often and benefit in two ways—in greater freshness due to a shorter time between farm and store and in greater value for the money because of lower marketing costs. Michigan State College has just that kind of a folder for you! The title is "For Value—Buy Fruits and Vegetables in Season."

If you would like a free copy of

this useful folder, you can get one at your county agricultural agent's office or by writing to the Bulletin Office, Michigan State College, East Lansing, Michigan. Ask for Extension Folder F-173.

Extension Folder F-173 includes brief statements that describe our daily fruit and vegetable requirements in a good diet, how to select good quality produce, how to store fresh fruits and vegetables to reduce waste and how to get more food value from the fresh produce you buy.

You will also find a convenient chart that quickly shows the fresh fruits and vegetables that are in plentiful supply each month. The various commodities are grouped into the green and yellow vegetables, the items rich in vitamin C and the other produce items we use. Big green dots indicate the homegrown commodities available from month to month. These are generally your "best buys" in fresh fruits and vegetables in their seasons.

The average person in the United States smokes 115 packages of cigarettes in a year.

Rev. James Bell Attending Lake Superior Presbytery

The Rev. James H. Bell of the First Presbyterian Church left this morning for Houghton to attend the spring meeting of the Lake Superior Presbytery. Mr. Bell, retiring moderator of the Presbytery, will preside at the sessions which open today and continue through

Thursday. He will return to Escanaba to conduct services as usual Sunday. Michael J. Anuta, Menominee attorney and a prominent layman, who was to have been guest speaker at the First Presbyterian Church here Sunday, will be here later in the month.

Always disconnect your electric refrigerator before cleaning the condenser with a stiff brush or a vacuum cleaner dusting tool.

Escanabans Are Getting The Habit!

And a good habit, too. Simply stop here every two or three days for a supply of wholesome, low-cost Lakeland Dairy Milk. Get the habit now... it will pay you money! Regular milk is only 17c... homogenized is 18c. Other dairy items are equally as low... such as cottage cheese at 20c for a 12 oz. carton.

Council Okehs Lighting Work

An early start on rehabilitation of the city's boulevard lighting system on Deer St. between Chippewa Ave. and Fifth St. was ordered at a regular meeting of City Council Monday night following presentation of plans and cost estimates by Harvey Quick, local electrician, and Orson Livermore, acting city manager.

Estimated cost of the revamping program was set at \$2,150. It will include retention of the present series system of lighting, replacement of damaged standards and stringing of a uniform circuit of overhead wires to carry electricity to incandescent street lamps.

Quick To Do Work

The work will be done by Quick with what city assistance is required. Replacement standards will be taken from a section of Deer St. between Chippewa Ave. and the Manistique River bridge where it is proposed to replace the existing system with new steel poles and underground wires.

Over-all cost for both revamping the Chippewa to Fifth series system and replacement of the boulevard system from Chippewa to the bridge was set at \$23,199.75 in Quick's and Livermore's estimates.

Estimated cost of the new construction job alone was figured at \$21,049.75 of which \$11,698.45 would be city labor and purchases of necessary material and equipment.

Exhibits New Light

Quick explained that new construction between Chippewa and the bridge would include installation of steel poles, underground wires and a new type mercury luminaire. He exhibited one of the proposed luminaires at the meeting. The replacement system would be a multiple one, he said.

While giving the "go ahead" sign to the Chippewa-Fifth rehabilitation program, Council deferred making any definite commitments on the more expensive replacement job between Chippewa and the bridge. Councilmen indicated, however, that they favored the replacement program but would give it further consideration.

Approve Plan To Solve Problem Of Truck Unloadings

Solution to traffic problems posed by semi-trailers unloading freight in Manistique's business districts will be sought through a cooperative effort between the city police department and truck drivers. It was informally decided at a meeting of City Council Monday night.

A. W. Freeman, Escanaba, general manager of Clairmont Transfer Company, discussed the traffic hazards caused by freight unloadings with council members. He said that Manistique was the first community in his firm's service area which had objected to unloading procedures now followed, but admitted that lack of enough alleyways here may have created unloading conditions not existing in other towns.

Three or four locations on main streets where traffic was periodically impeded by semi-trailers jackknifed at right angles to the curb were called to Freeman's attention.

His suggestion that a solution to the worst unloading hazards be sought by cooperation between the local police department and his truck drivers was accepted by the council.

The council at a previous meeting had ordered letters dispatched to the trucking firms outlining the city's complaints.

George Rouman New Sanitarian Of Health Unit

George Rouman, formerly of Gladstone, is the new sanitarian of Alger-Schoolcraft Health Department, it is announced by Dr. R. A. Tearnan, of Munising, director.

Rouman, who took over his duties several weeks ago, is a graduate of Gladstone high school and Marquette University, Milwaukee, where he received his degree in the spring of 1952.

Rouman is making his residence in Manistique where the health unit headquarters office is located. He is unmarried.

'Great Men' Collide In Auto Accident

GOSHEN, N. Y. (AP)—A minor three-car collision on Route 17 on a recent icy evening ended with laughter instead of recriminations when the drivers presented their licenses for identification.

William H. Taft of Middleton was startled when he found himself in conversation with Robert E. Lee; and Taft and Lee were more surprised when the third man turned out to be Andrew Jackson.

'Contrary Winds', A Sound Picture, Slated At Bethel

A gospel film, "Contrary Winds," will be shown at First Baptist Church tonight, beginning at 7:30. It is announced by the Rev. Harold Martinson, pastor.

The picture is a 55-minute sound film in natural colors. Admission is free but a voluntary offering will be taken.

The public is invited.

MHS Again On Accredited List

Manistique high school has again been placed on the accredited list by the North Central Association of Colleges and Secondary Schools, it is announced by Carl Olson, principal.

Approval of the local high school took place at the annual business meeting of the association in Chicago March 23-27. Principal Olson attended the session.

The Manistique school has been on the accredited list continuously since 1907, Olson said.

An advantage of the accreditation, Olson stated, is that Manistique high school graduates may enter virtually any college, university or public technical school in the United States without entrance examinations.

Sundew Arrives To Collect And Set Out Buoys

The Coast Guard ship, Sundew, out of Chicago, arrived in Manistique harbor Tuesday morning to collect channel and navigation buoys for distribution in the Lake Michigan area here.

Blinker buoys will be placed at regular stations in the immediate area, including Wiggins Reef and Port Inland. Others will be set out at Garden, Squaw Island, in the Beaver group, and Simmons Reef. Non-blinker buoys are scheduled for Gray's Reef.

Buoys are collected in late fall after the close of navigation and left at Manistique where they are repainted by Coast Guard shore personnel.

The Sundew, captained by Lt. R. J. Mackie, of Chicago, serves an area which includes the south and east shores of Lake Michigan to the Straits of Mackinac and the north shore of the lake from the Straits west to Escanaba.

Briefly Told

Choir Practice—The choir of the Bethel Baptist Church will practice in the church tonight at 8:30 p. m.

Mom's Club—The Mom's Club will meet Thursday at 8 p. m. in the Legion club rooms. Hostesses will be Mrs. Joseph Carefelle and Mrs. Jenny Beaudry. A good attendance is desired.

Brotherhood Meeting—Rudolph Brandstrom, coach of the high school championship basketball team, will speak at the regular monthly meeting of the Lutheran Brotherhood to be held in Zion Lutheran Church Thursday at 8 p. m. Kenneth Moberg is in charge of the program. Refreshments will be served. All men of the church are invited to attend.

Summer Work Plan Approved

Action approving a revised summer work schedule for city employees prior to the opening of trout season April 25 was taken by City Council at a regular meeting Monday night.

The mayor and city clerk were authorized by resolution to enter into an agreement with the Union of State, County and Municipal Employees, Local 1196, establishing a summer schedule of 8½ hours daily, Mondays through Fridays, and 5 hours on Saturdays. The schedule would provide free Saturday afternoons for employees for a period from April 1 to Oct. 31.

The resolution also directed that a clause be included in the agreement whereby the extra half hour daily, Mondays through Fridays, would not be considered overtime and, thereby, payable at over time rates.

One result of the agreement would be reduction of the work week from 48 to 47½ hours.

The agreement must be signed by the mayor and clerk on behalf of the city and qualified representatives of the union before becoming effective, the resolution stipulates.

The revised summer work week was requested by the union at a recent session of City Council. The union also had requested five paid yearly holidays.

Councilmen A. W. Heitman and Walter Burns, members of the city labor committee, recommended immediate action on the revised summer work program, and suggested that the matter of five paid holidays be discussed at a special council session within a few days.

The committee also recommended that the summer work schedule, the five paid holidays if approved, and details of an amended annual sick leave ordinance be incorporated in a city-union labor contract scheduled for renegotiation by May 1.

Restaurant Act Is Clarified At Council Meeting

Clarification of the city restaurant ordinance as it applies to firms selling ice cream, cones, packaged foods and bottled drinks was outlined at a regular City Council meeting Monday night.

Request for the clarification was made by George Rouman, Alger-Schoolcraft Health Department sanitarian, and Dr. R. A. Tearnan, of Munising, department director. Council members explained to the health officials that it was not the intent of the ordinance to require restaurant licenses from firms selling bottled drinks such as pop and coke and packaged items such as candy bars and ice cream. The license exemption was expanded to include those firms selling ice cream cones. Firms which sell drinks by the glass or serve ice cream in dishes must obtain restaurant licenses, however, it was pointed out.

Also excluded from the license requirement in the clarification move were private institutions such as convalescent homes or homes for the aged, and bakeries selling merchandise for consumption or sale elsewhere. These, it was pointed out, are covered by other state inspection regulations.

City Briefs

Miss Myrtle Halberson and Mrs. Nora Lester, of Garden, visited here Thursday with Mr. and Mrs. Chester Winters, 614 Garden Ave.

Vicky Ann Young, daughter of Mr. and Mrs. Vilas Young, 123 S. Front St., is a patient at the Schoolcraft Memorial Hospital.

Mr. and Mrs. Basil McDonald, of Garden, are the parents of a son, James Allen, born April 10 at the Schoolcraft Memorial Hospital. The infant weighed 7 pounds and 10½ ounces.

Mr. and Mrs. Chester Hebert of Munising, and Mr. and Mrs. Chester Winters were dinner guests of Mr. and Mrs. William Turpin, 522 Park Ave., Sunday.

A son, Leon Leland, weighing 8 pounds and 12 ounces, was born April 10 to Mr. and Mrs. Leon Bancroft, of Cooks, at the Schoolcraft Memorial Hospital.

Mr. and Mrs. Ernest Lamkey, of LaPere, visited relatives in Manistique and Garden Sunday.

Donald E. Messier is a surgical patient at the Colonial Hospital in Rochester, Minn. Mrs. Messier left Tuesday to join her husband there.

Recreation Budget Of \$9,850 Submitted To Council Monday

A recreation budget of \$9,850, submitted by the city recreation commission, was received by City Council at its regular meeting Monday night.

The budget was presented by Mrs. E. H. LeBrasseur and Ivor Wilcock, commission members, and T. H. Reque, recreation director.

The budget, with possible revisions, will be included in the general city budget slated for adoption within the next few weeks.

In other actions the council transacted the following business: Approved 12 applications for liquor licenses.

Accepted a request from Fred D. Heltman, secretary of the Top O' Lake Michigan Chamber of Commerce, for the city's annual contribution to the chamber.

Passed a resolution approving the Rep. John F. Wood reappointment plan for the Upper Peninsula.

Accepted a financial report of the 1952 U. P. Firemen's Tournament submitted by James Slining, tournament committee chairman, showing receipts of \$6,734.44 and disbursements of \$5,742.89.

Accepted the bid of Charles Isackson amounting to \$125 for an old city truck.

Ordered that bids be sought for a 65-inch three-gang mowing machine to be attached to a city tractor.

Granted a permit to Connie Grappos to remodel the front of his lunch building at 310 Weer street, subject to approval by the city manager and fire chief.

Ordered that a letter be dispatched to R. W. Nobel, Munising, regarding a dilapidated house on Front street, now considered a fire hazard.

Heltman, in seeking a city appropriation to the chamber of commerce, also asked permission to erect two new directional signs at the corner of Deer and N. Fifth Streets.

BEES DO WELL

SAN FRANCISCO (AP)—Even the bees in California had a good winter.

Their honey stores help up well and winter losses were small, the Federal-State Market News Service reported.

Jane Massy Bride Of Seattle Man In Recent Ceremony

Announcement has been made here of the marriage of Jane Elisabeth Massy, daughter of Mr. and Mrs. Roy Massy, of Indian Lake, to Elwood Robert Lantz Jr., son of Mr. and Mrs. Elwood Lantz, of Seattle, Wash., at a ceremony performed April 8 in the Little Chapel in the Garden in Angola, Ind. The Rev. Kempf officiated at the 11:30 a. m. ceremony.

The bride was attired in a gray suit with navy accessories. She wore a corsage of pink carnations and sweetpeas.

Mrs. Lellous Scott, a cousin of the bride, was matron of honor. She wore a grey suit with black accessories.

Lellous Scott served as best man. A wedding dinner for the immediate families was held following the ceremony.

The bride is a graduate of Cooks high school, class of 1951, and has since been employed in Detroit by Bell Telephone Co. The groom is presently serving as P.F.3/c, aboard L.S.T. 346, U.S.N. He recently returned from overseas duty. The couple will make their home in San Diego until Mr. Lantz's term of service expires.

Mrs. Roy Massy, of Indian Lake, attended the wedding.

Legion Auxiliary To Buy Small Rocker For Hospital Nursery

Purchase of a small rocker for the Schoolcraft Memorial Hospital nursery and selection of a delegate and alternate to attend an 11th district convention in Munising Sunday highlighted a meeting of the American Legion Auxiliary Monday evening.

Named to attend the convention were Mrs. Alex Cooper, delegate, and Mrs. Anton Weber, alternate. The Auxiliary voted an appropriation of \$5 to the current cancer drive.

Cards were played later with prizes being awarded as follows: Canasta, Mrs. Alex Cooper; 500, Mrs. Thomas Grimley; bunco, Mrs. Ray Ramsden. Lunch was served at the conclusion of the session.

Panel Slated On PTA Agenda

A panel discussion on the subject, "Moral and Spiritual Aim of the Home, Church and School," will highlight a regular meeting of Lakeside-Central PTA Thursday evening at Lakeside school, beginning at 8. It is announced.

Featured in the panel will be J. Mauritz Carlson, president of the local board of education, moderator; Rev. A. Barton Brown, representing the church; Miss Goldie Piroch, representing the school; and Mrs. William L. Norton, representing the home.

Mrs. E. H. LeBrasseur will present a history of the Supreme Court decision involving religion in the public schools.

Also on the agenda will be nomination of new officers. The nominating committee is composed of Mrs. N. H. Modders, chairman; Mrs. William Mueller and Mrs. William Howe.

Preceding the meeting, open house will be held at Lakeside school, starting at 7:30. Various class exhibits will be on display.

Extension Club
Mrs. Walter Anderson, of Thompson, was hostess to the Kraft Extension Club Monday evening at the home of Mrs. Lyle Smith, 165 N. Cedar St.

During the business meeting plans were discussed for achievement day which will be held May 12.

Following the meeting canasta was played.

Lunch was served at the close of the evening.

Buy and Sell the Classified Way

for the inspection of parents. Hostess committee at the meeting will be first and second grade mothers of Central school.

Motion Pictures Of Trout Fishing Slated At Sports Meeting

Motion pictures of Michigan trout fishing will feature the program at a regular meeting of the Schoolcraft County Sportsmen's Club Thursday evening at the Manistique Heights club building, it is announced by Robert Hentschell, club president. The meeting is scheduled for 7:30.

The movies will be shown by Leland Anderson, of Newberry, district fish supervisor of the Department of Conservation, and Martin Miller, superintendent of the Thompson state fish hatchery. A discussion of trout fishing will follow the pictures.

Lunch and refreshments will be served at the end of the session.

THIS IS IRHA Hardware Week

APRIL 17-25

FEATURING FAMOUS BRANDS

Come in and Save!

The year's biggest merchandising event in hardware and housewares brings you famous brands and featured values. Come in now for your Spring home, farm and shop needs. It's Hardware Week, April 17 to 25.

The immensity of this outstanding Hardware Sale, conducted on a national basis, will be shown in this week's issue of the Saturday Evening Post where some 70 firms have taken space to list hundreds of items being offered.

We also direct your attention to large circulars we have distributed throughout the Manistique area in which dozens and dozens of outstanding bargains are listed.

This is truly an outstanding sales event, sponsored nationally by the Independent Retail Hardware Association (IRHA). We invite you to visit our store during Hardware Week and take advantage of the numerous bargains offered.

We will have FREE BALLOONS for children accompanied by their parents.

In This Corner

With Ray Crandall

Bob McNamara, Manistique Emerald center, has been nominated along with Escanaba's Fred Boddy for a berth on the North squad of the annual All American High School cage classic to be played at Murray, Ky., in June. McNamara was named to the all-U. P. Class B and the all-class, all-U. P. Sports Writer's Association last month. According to game statistics kept by Coach Rudy Brandstrom, McNamara hit on over 50 percent of his field goal attempts during the regular 1952-53 season. It was McNamara's free throw accuracy which gave the Emeralds the U. P. Class B championship in the title tilt against Negaunee. In addition to his achievements in basketball and football (he was the U. P. back of the year last fall) McNamara was a member of the relays and a pole vaulter on the Manistique track team, is an honor student and a member of the Manistique dramatics club and was out for forensics.

A recent letter from Dempsey Hovland, manager of the Texas Cow Girls who trained in Hermansville and appeared here last winter, reveals that the popular gals played 152 games during their tour of the country. "Had a terrific season," said the personable manager who hails from Beloit, Wis.

Herb Holmes of Stambaugh is trying to arrange an Upper Peninsula tour for the Dow Chemical softball team of Midland, Mich. He'd like to include Escanaba on the list of cities interested in an exhibition game. The Escanaba Softball Association may be interested in contacting Holmes.

When Harvard Lancour, Manistique's U. P. and Wisconsin Golden Gloves champion, had an x-ray examination made of his injured hand recently he found that he had a fracture of a small bone in the back of the hand. In fact, he discovered that the bone had been broken twice before without his knowing it.

'Bruton's Barrier' Is Milwaukee Stadium Tab

By CHRIS EDMONDS
MILWAUKEE (AP)—They're likely to christen the stubby right-field fence in Milwaukee's new County Stadium "Bruton's Barrier."

Baseball-crazy fans tried to tear the \$5,000,000 structure apart when rookie Bill Bruton lashed one of Gerry Staley's knuckleballs over the four-foot wire barricade some 350 feet from the plate in the 10th inning for a 3-2 Milwaukee victory over the St. Louis Cardinals in Tuesday's home opener.

Two innings earlier the Negro youngster had tagged a Staley pitch to the same spot. It bounced once on the grass before skipping off the fence and Bruton went into third base standing up.

Bounced Off Glove
Cardinal outfielder Enos Slaughter had a hand in the home run blast. The ball caromed off his

Fisher Elected Dartball Head

Fred Fisher of Escanaba was elected president of the Delta County Church dartball league at the annual spring banquet held last night at the First Lutheran Church in Gladstone.

Other officers named for the 1953-54 season were Arne Carlson, Rapid River, vice president; Wally Larson, Escanaba, secretary, and William Artley, Gladstone, treasurer.

The banquet was attended by 190 players and guests. The Rev. James Bell, pastor of the Presbyterian Church in Escanaba, was the main speaker. He praised the dartball league for promotion of good fellowship in the district. Wallace Cameron, Gladstone superintendent of schools, was toastmaster.

Trophies were awarded to the Red Shirts of Gladstone, the Calvary Lutheran No. 2 team of Rapid River and the Immanuel Lutheran No. 1 team of Escanaba.

Langlois Favored Over Joe Miceli

MIAMI BEACH, Fla. (AP)—Pierre Langlois of France, the fourth ranking middleweight, is a 7-5 favorite to even his score with Joe Miceli, the No. 4 welterweight contender, in their 10-round televised fight tonight at the Miami Beach Auditorium.

Miceli, 24-year-old New Yorker, gained a split decision over Langlois last July. Langlois then gave up his French welterweight title to campaign in the middleweight ranks and has beaten Rocky Castellani, Bobby Dykes and Jimmy Beau and fought a draw with Walter Cartier.

Langlois expects to weigh in at about 160. Miceli will come in over the welterweight limit at about 151. The CBS telecast begins at 9 p. m. (CST).

Defeat And Injury Dampen Opener For Detroit Tigers

By JOE FALLS

ST. LOUIS (AP)—The black cloud of defeat and injury has cast its ugly shadow over the Detroit Tigers after only one game of the 1953 baseball season.

The bungling Bengals looked like pathetic high schoolers last night in dropping the season's opener to the frisky St. Louis Browns, 10 to 0, before 11,804 well-pleased fans in Busch stadium.

But more important than the defeat was the injury suffered by starting pitcher Ned Garver.

Pulls Up Lane

The Tiger righthander, pounded for four runs in the first inning, pulled up lame in the third inning while hitting into a double play.

Detroit trainer Jack Homel believes Garver suffered a bruised cartilage in his left knee and that it would be examined in Ford hospital when the team returns to Detroit. If it's only a bruise, Homel said, Garver should be okay in a few days. But if it's ruptured and requires an operation, the hurler could be out as much as three months.

Garver said he first was plagued by the injury while pitching for San Antonio of the Texas League in 1946.

"But it never gave me any trouble," he said, "whenever it would pop out of place. I'd always be able to work it back in."

Garver Hit Hard

The Tigers will be anxiously awaiting the doctor's report. They need pitching, any kind of pitching, and they need it badly.

Garver was bounced around for five hits in the first inning, three of the blows going for doubles. His three successors, Dick Marlowe, Dave Madison and Hal Erickson, weren't much better. All were tagged for runs, with Madison being shelled for three runs and three hits in two-thirds of an inning.

But the entire Tiger team looked uncertain. They got only four hits off Virgil (Fire) Trucks, three of them by Russ Sullivan, who had a single and two doubles. But even Sullivan had a wobbly night in the field. Several line drives bounced away from him in left field but the payoff came in the third inning, when Less Moss' "But it never gave me any trouble," he said, "whenever it would pop out of place. I'd always be able to work it back in."

Was Brewer Star
The grinning Bruton, a favorite here a year ago when he hit .325 for the Milwaukee Brewers of the American Association, said Staley fed him fast balls for the triple and for a sharp single in the sixth.

"Then he came in with that knuckler," the 23-year-old youngster said. "Man, it just hung there, it was just right."

Bruton has been the kingpin in Milwaukee's two opening victories. In addition to his three for five showing Tuesday, he had two for four in the Monday game at Cincinnati. In both games he made spectacular defensive plays in centerfield. His top one Tuesday was a long sprint into left center to spear a curving liner by Stan Musial.

The Rocket Leads Montreal To 7-3 Win Over Bruins

BOSTON (AP)—Montreal's flashy Canadiens were only one victory away from the Stanley Cup today as they headed home to engage Boston's slumping Bruins for the fifth time in the National Hockey League's best-of-seven final series.

With Maurice (The Rocket) Richard scoring three, the Canadiens overwhelmed the Bruins, 7-3. Tuesday night to take a commanding three games to one lead.

It was the fourth time that Richard has performed the "hat trick" in playoff competition and the 23rd such scoring feat of his NHL career.

FIGHTS LAST NIGHT

Cleveland-Kid Gavilan, 132, Havana, outpointed Lino Minelli, 151, Italy, 10. (Non-title).

Brooklyn-Johnny Bratton, 149, Chicago, outpointed Al "Sugar" Wilson, 145, Englewood, N. J., 10. Los Angeles-Harry "Snuffy" Smith, 138, Rochester, N. Y., outpointed Freddie "Babe" Herman, 140, Los Angeles, 10.

Sacramento-Calif.-Bobby Why, 132, Los Angeles, stopped John Butterworth, 135, Manchester, England, 4.

White Plains, N. Y.-Eddie Compo, 131, New Haven, outpointed Jimmy Wilde, 136, New York, 8.

Hockey

NATIONAL LEAGUE PLAYOFFS
Tuesday
Montreal 7, Boston 3. (Montreal leads best of seven final series 3-1).

Wednesday
No game.

Fifty foreign bred horses raced at Hialeah's turf course this season.

high fly hit him on the head for an error.

Several other "sure outs" fell between Tiger fielders, who seemed to play "I got it—you take it" with the ball.

Collect 13 Hits

The Browns, playing with a gleeful zest all evening, racked up 13 hits. Every player, except Trucks, knocked in one run. Moss had three hits, while Johnny Groth, an ex-Tiger, Bob Young and Jim Dyck each had two.

Before the game, the park attendants provided fireworks for the fans. During the game, the Browns provided the pyrotechnics, scoring four times in the first inning, twice in the third, three in the sixth and once in the seventh. Trucks hurled a strong game and appears completely recovered from last winter's gall bladder operation. He fanned five Tigers with his steaming fast ball, getting big Walt Dropo three times.

When the game was over, the Tigers walked across the field, heads down. They looked as though they were attending a funeral, which, of course, requires no comment.

But, as someone once said, to-

Lakers Are All-Time Greatest Under Unkown Mentor Kundla

NEW YORK (NEA)—The Minneapolis Lakers by now must be recognized as the greatest basketball team of all time.

They've just won their fifth world championship in six years.

Yet walk down the street and ask the first 20 people you meet, "Who coaches the Lakers?" The stars will be as vacant as that old corner lot.

Better yet, ask the next 1000, "Who's John Kundla?" The same negative result.

Kundla came in with the birth of the Lakers, before George Mikan was hired, before Minneapolis became the Yankee land of basketball.

He is not, as some have accused, the "dressed up" water boy who sits in on those interminable Laker winning streaks. But in the public mind he is even more of an unknown than Buddy Parker, who coached the Detroit Lions to the pro football crown.

"I'm not looking for any credit," shrugs Kundla. "But the only thing that gets me is when people say, 'Well, how can you lose, with guys like Mikan and Jim Pollard?'"

"It takes more than putting five stars on a floor to make a winning team. You've got to fit them into your system, get them to play together."

Handling big name stars can be a ticklish proposition. Miller Huggins faced it in the Ruth-Gehrig era. Kundla backs it up with

Dale Erickson One Of 12 Pitchers On Western Hill Staff

Dale Erickson, former Bark River-Harris High School athlete, is one of 12 pitchers on the 1953 Western Michigan College varsity baseball squad.

A sophomore at Western in Kalamazoo, Erickson played football, basketball and baseball with the Bark River Broncos while in high school. He is the son of Edgar Erickson of Bark River.

Yesterday's Stars

Pitching—Bob Lemon, Cleveland Indians, hurled one-hitter as the Indians defeated the Chicago White Sox, 6-0.

morrow is another day. And lefty Bill Wright will try to square matters when the two teams meet again.

QUIET MAN — Nothing much was heard of Johnny Kundla, but he coached the Minneapolis Lakers to the world professional cage championship. (NEA Photo)

Mikan-Pollard. It's no secret that

Jim, the big gun until Mikan came

along, wasn't too happy about be-

ing cast in the shadow. Mikan for

his part has been known to utter

occasional grunts that Pollard

wouldn't pass the ball in to him.

In the middle was Kundla, none

too secure in his job, second-guess-

ing on losses, never given credit for

victories. The Quiet Man exerted

his influence, however, until today

there's no doubt who bosses the

Lakers. Mikan has become a team

player who's suppressed his scor-

ing desires. He'll pass the ball back

out of the hole.

In the championship series

against the New York Knicker-

bockers, Pollard was his best feed-

er.

Kundla developed a bench. There

was a time when if you took Mikan

and Pollard out of the game, the

Lakers went to pot. No more. There

once was a time Mikan practi-

cally refused to go out of a game.

No more.

Minneapolis isn't the most spec-

tacular team to watch, and Kund-

la's aware of it. The Lakers have

the three big men—Mikan, Vern

Mikkelsen and Pollard—and mur-

der the other teams off the boards.

They can't play fast break basket-

Wolves To Open Season Today

ANN ARBOR (AP)—Michigan's Big Ten baseball champions face Notre Dame here today in the opener of a 23-game regular season.

Coach Ray Fisher called Jack Ritter, a 19-year-old Toledo, O., sophomore to the mound for the opener, scheduled to start at 3:30 p. m.

The Wolverines, who won 16 of 23 games last year and shared the conference crown with Illinois, are an all-veteran outfit this year and figure to have a good chance to repeat.

On a nine-game southern spring training tour just completed, Michigan won three, lost three and was rained out three times.

The Wolverines field a fine, tested outfit with a classy infield composed of Don Eaddy, the slick third baseman from Grand Rapids, first baseman and captain Bill Mogk, of Detroit, Gil Sabuco, second baseman from Flint and shortstop Bruce Haynam, a Cleveland product.

Equally tested is the outfield composed of Frank Howell, Muskegon Heights ace, Bill Billings, Wolverine football kicking star from Flint and Paul Lepley, Warwick, O. Another Flint performer, Dick Leach, will be behind the plate.

Spencer Breaks In Like Old-Time Hungry Player

By HARRY GRAYSON

NEW YORK (NEA)—Daryl Spencer strikingly demonstrated that the ball players of today are not as soft as they generally are pictured.

Left in a Nashville hospital by a frightful whack on the cheek by a Mike Garcia fast ball on Wednesday, young Spencer, patched up, was back at third base for the Giants four days

later. The fearsome injury required 11 stitches in his lips. Several teeth were loosened, others chipped.

"I didn't think he'd be back till Labor Day," said Al Lopez of the Indians. "He's a real old Oriole."

The pennant-winning Baltimore Orioles of 1894-95-96 revolutionized baseball, but no doubt will be remembered longest because they are referred to every time a modern player brushes off an injury.

The damage to Spencer precluded his eating solids. He had to subsist on a soft diet, principally soup.

So the New York Nationals literally opened the season with a hungry ball player.

"I like hungry ball players," said Leo Durocher. "Daryl probably will be so weak that he'll hit a couple into the seats."

Opinions have been expressed both ways regarding the 23-year-old Spencer's hitting.

Alvin Dark joins those who contend the six-foot-two-and-a-half inch, 185-pound Kansan is a lock if he hits.

Spencer convinced Al Dark he

Perfect Script For Major League Opening Ball Games

By BEN PHLEGAR
(Associated Press Sports Writer)

The major league scriptwriters gave it the old college try for opening day.

They came up with an extra inning thriller won by a Milwaukee rookie's homer; a one-hit sensation by Cleveland's Bob Lemon; come-from-behind victories by Brooklyn and the Chicago Cubs; the New York Yankees' first opening day shutout loss in 17 years; a decisive setback for Robin Roberts, last year's best pitcher, and an expert whitewashing of his former Detroit teammates by Virgil Trucks.

Even the one postponement had a special twist. The Boston Red Sox were forced to cancel a two-day series with Washington because of snow.

Slim Turnouts

Polar bear weather prevailed generally, holding the total crowds to 176,269, almost 50,000 below expectations.

The hardy souls who ventured

out saw Milwaukee nip St. Louis, 3-2; Chicago edge Cincinnati, 3-2; Brooklyn whip Pittsburgh, 8-5, and New York defeat Philadelphia, 4-1, in National League encounters and three American League shutouts—Cleveland over Chicago, 6-0; Philadelphia over the Yankees, 5-0; and St. Louis over Detroit, 10-0.

The day's largest crowd, 53,698 watched Lemon give up a clean single to Minnie Minoso in the first inning for the first and last Chicago hit. The White Sox got only three more balls out of the infield.

but four walks and two errors gave them six other base runners.

Bruton Is Star

At Yankee Stadium, the A's Alex Kellner gave the Yanks only five singles. Vic Raschi, pounded early and often, was the loser.

Bill Bruton, a Negro rookie who probably is the fastest man in the majors, continued to write the Milwaukee success story with a bold hand as he homered in the 10th inning to give the Braves a home town triumph over the Cardinals. The Chicago Cubs scored two un-

earned runs in the eighth inning to defeat Cincinnati, 3-2, before 21,222 Chicago fans.

Black Saves Day

The Pittsburgh Pirates' four-run outburst got rid of Carl Erskine in the fourth inning, but Joe Black saved the day for the 12,433 Ebbets Field faithful as the Brooklyn Dodgers found the range for four runs in the fourth and fifth against Murry Dickson.

Bobby Thomson sent the Giants away on top against Roberts at Philadelphia as he belted a home run with Davey Williams on base in the first inning.

The Browns pounced on Detroit's Ned Garver for four runs in the first inning and added six more against three other pitchers in the only night game, played before 11,804 St. Louis fans. Trucks gave the Tigers only four hits.

Rocky To Visit Doctors Today

CHICAGO (AP)—Heavyweight champion Rocky Marciano had a date with a couple of doctors in Chicago today.

It was a command performance, ordered by Livingston Osborne, chairman of the Illinois Athletic Commission.

Drs. John H. Pribble and Irving Slott of the commission's medical staff were to examine closely the state of Rocky's nose, bloodying of which forced postponement of his April 10 Chicago Stadium title fight with Jersey Joe Walcott to May 15.

Feth Marciano and his manager, Al Weill, said on arriving from New York last night that the nose is all right now. But Osborne wanted to make sure.

Texas Doctor Will Operate On 'Babe'

BEAUMONT, Tex. (AP)—Dr.

Robert M. Moore, professor of surgery at the University of Texas medical school, was revealed today as the specialist who will operate on Mrs. Babe Zaharias in an effort to remove a malignancy that threatens to end her golfing career.

The Beaumont Enterprise said it had learned Dr. Moore will operate on the famous woman athlete at 2 p. m. Friday. She was a rectal malignancy.

Wild Session Rolled In Women's Keg Meet

DETROIT (AP)—In some quarters, they were saying that the regular team division of the Women's International Bowling Congress Tournament was already decided today, with the 61-day event less than a week old.

One wild session Tuesday night saw B & B Chevrolet, of Detroit, hammer a 2931 total for first place, one of the highest scores in WIBC tournament annals.

On the same squad, the world match-game champion Fanatorium Majors, of Grand Rapids, Mich., hoisted a 2929 score in a thrilling cross-alley duel with the Detroiters.

Both teams were former WIBC champions, the B & B under the name of Gears by Enterprise in 1949 at Columbus, and the Fanatoriums at St. Paul a year later.

2987 Record High

Only twice in 35 previous WIBC tournaments has a team needed a 2900 total to win the championship. Kornitz Oil, of Milwaukee, rolled 2987 in 1947 at Grand Rapids and the Fanatorium team won with 2903 in St. Paul.

The B & B team strung games of 942, 930 and a tremendous 1059, highest of the tournament to date. Doris Knechtges, an ex-softball pitcher, spun 621 on 213, 206 and 202 as the pacesetter.

In the final game, leadoff Marie Shamlock hoisted a fine 264 tally, highest individual effort of the tournament to date. She had a 586 395. Ethel Hanna added 582, Nellie McLaughlin 572 and Capt. Agnes Ekstrom 570.

Ladewig Gets 590

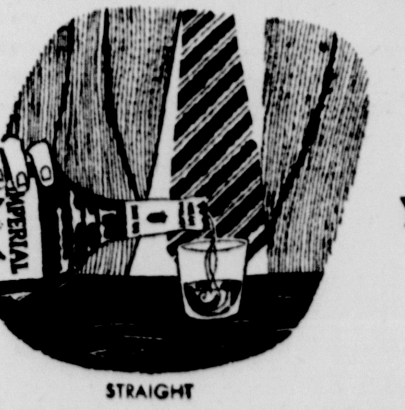

For the Fanatoriums, Marge Davison was high on 626 on games of 192, 200 and 234. Marie Boluyt had 595, Charlotte Kardas 594, four-time world singles champion Marion Ladewig 590 and Wyllis Ryskamp 524.

Mrs. Ladewig, one of bowling's all-time greats, could have given her team a one-pin edge with a strike on her last ball. However, she counted only seven pins and that left the B & B team in charge.

Third place also fell Tuesday night, to the Colonial Broad Quintet, of Detroit, on a 2680 total. Fourth place was assumed by the Detroit Whittier Majors on 2651.

In other divisions, Corene Comfort, of Detroit, took fifth spot in singles on 574 and the Whittier Recreation Booster Team moved into third place in its bracket with 2236.

Library Gets New Reading

A large number of new books, both non-fiction and fiction, have been placed in circulation at the Gladstone Public and School Library, it is announced by Miss Helen Marie Sohlberg, librarian.

The list follows:

Non-Fiction
Baker, Snips and Snails
Benedict, Red Metal
Brooks, Flower Arrangement

Workbook
Burns, Fell's Stamp Guide
Coffin, Coin Collecting
Corbin, Recreation Leadership
Gelatt, Music Maker
Herzog, Annapurna
Hoover, Memoirs Vol. 2
Manly, Electric and Oxy-acetylene Welding

Fiction
Marshall, White Rabbit
Martin, O Rugged Land of Gold
Morens, Crazy White Man
Morgan, This I Believe
Pohl, Lost Discovery
Randall, Mary Lincoln
Reichert, Archery
Sone, Nesei Daughter
Thornton, Sea of Glory
World Almanac, 1953.

Fiction
Christie, Funerals are Fatal
Cottrell, Silent Reefs
Fowler, The Intruder
Henry, To Follow the Flag
Jenkins, Happy People
Karmel, Stephanie
Mason, Golden Admiral
Moore, All Done by Kindness
Ridge, Family Album
Street, Velvet Doublet
Wheelwright, Draw Near to Battle.

Briefly Told

Prayer Service—A prayer and praise service is to be held to night at 7:30 at the First Baptist Church.

Bake Sale—The WSCS of Memorial Methodist Church is sponsoring a bake sale Saturday at the Siebert hardware.

Ladies' Aid—The Ladies' Aid of the First Baptist Church will meet at 2:30 on Thursday afternoon in the church parlors. Mrs. Vernon Peterson is the hostess.

Evening Guild—The Evening Service Guild of the Memorial Methodist Church will meet at 8 on Thursday evening at the home of Mrs. Myron Goodman, 1307 1/2 Wisconsin avenue. Mrs. John Green is the assisting hostess.

Brotherhood—The Lutheran Brotherhood will meet Thursday evening at 8 at the First Lutheran Church. A reception of new members will mark the gathering. Hosts for the evening at Adolph Johnson, Burt Ames and John Nelson.

Assumes Position—Delbert Dabney, late of Detroit, has accepted and assumed a position as pharmacist at the Ivory drug store here. Born in Munising, Dabney lived in Gladstone when a youth. He was graduated from Detroit Institute of Technology with Ph.D. degree in 1934. For the past ten years he has been living in Detroit. The Dabneys are residing at 918 Dakota avenue.

Improvement Shown—Word from Ann Arbor reveals there is considerable improvement in the condition of Norman Beauchamp, city, who is in the University Hospital. This speaks rumors prevalent the past several days that removal of a hand through surgery was planned. Beauchamp was injured in the Marquette-Gladstone football game last fall and except for short periods has been hospitalized since. His parents, Mr. and Mrs. Exior Beauchamp, are in Ann Arbor at present.

Plan Work Bee At Rifle Range

A work bee will be held at the Gladstone Rifle and Pistol club range on the north bluff Thursday evening, it is announced by Al Mortier, club president.

Members should report at the range about 6:30 that evening with rakes and shovel to police the area and back stop in preparation for the start of the outdoor season. A business meeting will follow.

Man With Toothpick Makes Clay Flowers

LETHBRIDGE (AP)—George F. Byrne of Lethbridge uses only a toothpick and a match to produce delicate floral pictures from clay.

His pictures, ranging in size from 3 to 4 inches to 18 by 24, can be found as far away as Salt Lake City, Utah. He says some day he would like to turn what now is a hobby into a small business.

Byrne started dabbling with ceramics back in 1947 when he made ear-rings and brooches. He decided to switch to pictures which he mounts on velvet backgrounds.

BETROTHAL TOLD—Mr. and Mrs. W. A. Aasve, Route 1, Gladstone, announce the engagement and approaching marriage of their daughter Muriel Fay to Dewey Arthur Blankenship of Flint. The marriage will take place on August 1. The bride-to-be is a graduate of Gladstone High school class of 1948 and of the Michigan College of Mining and Technology, Houghton in 1952. She is employed as a medical technician at the Flint Medical Laboratory. Her fiancé served in the Signal Corps while in service and is now attending Junior college in Flint. Later he will go to Milwaukee where he plans on majoring in Electronics at the Milwaukee School of Electronics.

Street Program For '53 Starts

Gladstone's 1953 street improvement program is now under way and the first project on it is the grading and laying of gravel base on N. 8th from 3rd to 5th Ave. When the gravel base is firmly packed it will be blacktopped. A year's traffic is usually required to pack the base sufficiently.

Also on the city's blacktopping program are the following projects: N. 7th St., from 4th to 5th avenue; 3rd Ave. N., from 9th to 10th St.; Montana avenue from 9th to 13th St., and 15th St., from Delta to Minnesota Ave.

Three blocks of concrete pavement will be laid on Thirteenth street from Wisconsin to Superior avenue. This will provide concrete pavement the entire length of 13th from Lake Shore Drive to Superior avenue and an excellent link for the diversion of traffic which would alleviate to some extent the bottleneck on the main highway through Gladstone.

City Briefs

Mrs. H. J. Bray returned Monday from Marinette where she visited over the weekend with relatives.

Grand Jury Indicts Detroit Firms For Breaking Trust Law

WASHINGTON (AP)—Attorney Brownell announced that a Federal grand jury in Detroit has indicted three corporations on charges of anti-trust conspiracy in the machine tools field.

The Justice Department described the case as the first major anti-trust action by this administration. The original investigation

was started under the previous Democratic regime.

Brownell said the indictment names as defendants Michigan Tool Co. and National Broach and Machine Co., both of Detroit, and the Fellows Gear Shaper Co., of Springfield, Vt.

These firms manufacture gear cutting and finishing machines and tools used in many industrial plants, notably those producing aircraft, tanks, tractors and motor vehicles. These, the department noted, "are essential to the defense program."

The indictment alleged that since 1937 the companies had allocated among themselves various fields of manufacture and sale, had refrained from competing with each other in some lines, and had followed a pattern of published prices, discounts, terms and conditions of sale, exchanging among themselves on an exclusive basis their respective patents and technology.

Fairport

FAIRPORT—Mr. and Mrs. W. B. Smith and children of Scotts, Mich. were guests of Mr. and Mrs. Nestor Seaman last week.

Mr. and Mrs. Wally Benette of Anderson, Ind., and Wilmer Benette of Masonville were guests of Mr. and Mrs. Harry DeVet Thursday.

Mrs. Eddie Purtil and Mrs. Pearl Heric of Manistique spent Sunday at the home of their brother-in-law and sister, Mr. and Mrs. Leslie DeVet.

Mr. and Mrs. Jack Leonard and Mrs. Emma Peterson of Manistique were Saturday guests of Mr. and Mrs. Gordon Peterson.

Mr. and Mrs. Vernon Peterson and children and Mr. and Mrs. Hank Turan of Isabella spent Sunday at the home of Mr. and Mrs. Gordon Peterson. Kent stayed over night and went to school with Janie on the school bus Monday morning.

Henry Sahdo who has been at the Convalescent Home in Gladstone since his home in Fayette burned down now is staying with Lawrence Eggert.

Fayette

Misses Lorna and Ione Rochefort of Detroit spent the weekend with their parents, Mr. and Mrs. Amie Rochefort.

Mr. and Mrs. William Hoy moved from Cooks to the Eugene Swanson home Monday. They will operate the Swanson farm the coming year.

Mrs. Wilsey spent the weekend at her home in Marquette.

Mr. and Mrs. Mike Farrell of Escanaba were callers at the home of Mr. and Mrs. Edmund Laux.

"WORLD'S ROOF"
Tibet has an average elevation of 16,000 feet above sea level and often is called "the roof of the world." Even the valleys of this mountain-enclosed tableland lie higher than the mountains of most countries.

Iranian Oil Shipped To Japan And Italy Despite British Threat

TEHRAN, Iran (AP)—Tankers carrying cargoes of disputed Iranian oil and gasoline are enroute to both Japan and Italy in defiance of British threats of legal action against buyers.

Reports reaching Tehran said the Japanese tanker Nissho Maru sailed from Abadan carrying 18,000 tons of gasoline and fuel oil. It is owned by the Idemitsu Kosan Company, which last week announced it had signed an agreement with Iran's nationalized oil company to buy an unlimited quantity of oil and other petroleum products.

Earlier, the tanker Pax, owned by the Epim Company of Italy, sailed from Bandar Maashur with 5,000 tons of crude oil aboard.

Older Folks with Itching Skin

For the nagging, maddening, persistent itch of dry skin, so common to folks past middle age, Resinol Ointment is a special, soothing relief. Contains lanolin which acts in place of missing natural skin oils—works fast, and comfort lasts. It feels so good not to have to scratch and scratch. Get Resinol and get relief. All drug stores.
